Address: 10043 SE 32nd Avenue, Milwaukie OR 97222

RE: Maximum Rent Estimate

Dear Voucher Participant,

In order to help you in your search for a place to live, we are providing the following information:
Your Family qualifies for a 2bd Voucher Size. The maximum rent for a unit for your family is impacted by the bedroom size and by the type of utilities assigned to the unit and who is responsible for paying for the utilities.

The following estimations are based on your family Voucher Size and Clackamas County's Payment Standard. **These estimations do not account for the Higher Zip Code Areas.** These amounts were calculated per the income and family composition you provided us during the intake process. If this information has changed, please contact us.

Estimates are based on Tenant paying all the Utilities for an Electric unit (Electricity, water, sewer, and garbage)	**Estimated Maximum Rents Allowed**
Using 30% of your Adjusted Monthly Income	$1,691
Using 40% of your Adjusted Monthly Income	$1,883

If you find a unit that is smaller than your voucher size, please contact your voucher specialist to provide you with an updated maximum rent. Your maximum rent will decrease if you rent a unit smaller than your voucher size.

HACC will provide an updated estimate once you submit a Request for Tenancy Approval (RFTA) based on the contract rent and utility information provided by the landlord.

If you have any questions or anyone in your family is a person with disabilities, and you require a specific accommodation in order to fully utilize our programs and services, please contact the housing authority at (503) 655-8267.

Sincerely,

HACC Eligibility Team

HOUSING CHOICE VOUCHER PROGRAM
DETERMINATION OF HOUSING ASSISTANCE PAYMENTS

Calculating Housing Assistance Payments:
A Housing Assistance Payment is the amount of assistance that will be provided on behalf of a family participating in the Housing Voucher Program.

Basic Formula:
The basic subsidy formula for computing the Housing subsidy is the Payment Standard minus thirty (30) percent of a family's monthly adjusted income. Under no circumstances shall the family pay less than ten (10) percent of their monthly gross income for rent and utilities.

The Housing Voucher Program sets the amount that is paid by the Housing Authority. The family's share of rent cannot be determined until after the family selects a unit.

Selecting a Unit for More or Less Rent:
The family may shop for and choose a unit with a rent higher or lower than the Payment Standard (as long as the unit meets Housing Quality Standards and rent is comparable to other units in the area). If the family selects a unit which rents for more than the Payment Standard, they will pay **more** than 30% of their monthly adjusted income for rent and utilities; however, the family cannot pay more than 40%. **The payment standards listed below are in effect for move-in dates of 01/01/2024 or later:**

BEDS	Payment Standards Clackamas	Payment Standards for Zip Codes: 97034, 97035, 97068, 97070, and 97086
0	1568	1617
1	1688	1741
2	1923	1984
3	2669	2753
4	3092	3189
5	3555	3668
6	4019	4146
7	4483	4624
8	4946	5102

Unit Size Flexibility:
The unit size listed on the Housing Voucher (line 1) does not preclude the family from selecting either a smaller or larger sized unit. The following criteria will apply:

a. **Larger Sized Units** -The Payment Standard used in calculating the rent will match the bedroom size listed on the Voucher issued. Generally, this will result in the family paying more than 30% of their monthly adjusted income for rent. However, the utility allowance will be calculated using the approved voucher size not the larger unit size.

b. **Smaller Sized Unit** - The family may select a smaller sized unit than listed on the Housing Voucher provided there is a least one sleeping room or living/sleeping room of appropriate size for each two
