Instructions
A few pets may experience some lethargy and soreness from the vaccinations. If this persists longer than 24 hours, please call our office. Signs of severe vaccine reaction can include facial swelling, hives on the body, repeated vomiting, or sudden death. These signs will usually occur within the first few hours of vaccination if a reaction is going to occur. Please call the office or the nearest emergency clinic if you have concerns.

Clackamas County requires all veterinary offices to report Rabies Vaccines for those pets who reside in Clackamas County. Don't Forget Your pets LICENSE

The rabies vaccination your pet has just received has been medically tested to be effective for a period of 3 years.
