In the Matter of: Jane Kay Cortez, Protected Person.	Case No. 26PR00641

MOTION FOR APPOINTMENT AND APPEARANCE OF GUARDIAN AD LITEM

Movant, Benjamin Barber, respectfully requests appointment and appearance authorization for a Guardian ad Litem ("GAL") for Jane Kay Cortez.

I. REQUESTED RELIEF

1. Appoint a GAL for Jane Kay Cortez for purposes of this proceeding.

2. Authorize the GAL to appear, investigate, and make recommendations regarding case posture, capacity-related concerns, and alignment of requested relief with Jane Kay Cortez's interests.

3. Authorize the GAL to review filings, interview relevant parties, and submit a written report by a court-set deadline.

4. Set a status hearing after GAL report submission.

II. GROUNDS

5. The record reflects material factual conflicts affecting case integrity, including petition-stage statements and competing claims regarding prior authority, service/notice, and order compliance.

6. The matter also includes allegations of housing-process interference, some of which remain proof-gated pending certified and authenticated records.

7. In the underlying prior protective-order litigation that overlaps with these claims, the Court granted a Guardian ad Litem appointment for Jane Kay Cortez naming Benjamin Barber, as reflected in the signed order record for case `25PO11530` (and corresponding certified-record request queue).

8. That prior GAL grant is directly collateral to the present petition posture because the new filing seeks overlapping authority while the record already reflects prior court action on GAL status for the same protected person.

9. Appointment/appearance clarification in this case is therefore needed to prevent inconsistent treatment of the same protected-person representation issue across related proceedings and to preserve orderly case administration.

10. The April 3-4, 2026 counsel email chain reflects service-labeled transmission to Alex Bluestone in this same Jane Cortez guardianship controversy and counsel's acknowledgment of representation in that guardianship matter while disputing acceptance of service, supporting same-matter notice context while preserving service-validity questions for Court determination.

III. LEGAL AUTHORITY

11. ORCP 27 authorizes appointment of a guardian ad litem for a party with qualifying incapacity/disability circumstances when supported by motion and evidentiary showing.

12. In protective proceedings, ORS chapter 125 operates with Oregon civil procedure/evidence rules unless otherwise provided, and the Court may structure notice, objection, and hearing management to protect the protected person's interests.

13. This Court has discretion to appoint a suitable GAL and to structure reporting and status deadlines to assist fact development and protect the interests of the protected person.

IV. EXHIBIT REFERENCES (GLOBAL NUMBERING)

14. This motion presently relies on Exhibit 1 (scanned signed order source), and Exhibits 4, 5, and 6 from the global exhibit legend filed with this packet.

15. Movant requests leave to supplement with certified docket/order materials (including Exhibits 8-10 and certified signed-order record support for `25PO11530`) as soon as they are received.

V. RESERVATION

16. Movant reserves amendment rights after receipt of certified docket and complete order history.

IN THE CIRCUIT COURT OF THE STATE OF OREGON
FOR THE COUNTY OF CLACKAMAS
PROBATE DEPARTMENT

In the Matter of: Jane Kay Cortez, Protected Person.	Case No. 26PR00641

MOTION TO LIMIT ISSUES PENDING THRESHOLD ISSUE-PRECLUSION RECORD OR, IN THE ALTERNATIVE, TO DISMISS TO THE EXTENT PRECLUSION IS ALREADY ESTABLISHED

Movant, Benjamin Barber, moves to limit the case to a threshold issue-preclusion record and, only to the extent preclusion is already established by admissible prior-proceeding proof, to dismiss any claim or issue already shown to be precluded.

I. REQUESTED RELIEF

1. Limit relitigation of overlapping authority, housing-control, service/compliance, and Section 18 relocation-duty issues unless and until the parties supply the prior-proceeding materials needed to evaluate issue preclusion, including clerk-certified docket and order materials the Court deems necessary.

2. In the alternative, dismiss any claim or issue the Court finds already established as precluded by admissible prior-proceeding records.

3. Set a focused threshold schedule or hearing limited to prior proceeding identity, issue identity, finality, party/privity, and full-and-fair opportunity.

4. Exclude from this probate matter any attempted merits relitigation of eviction, Section 18 relocation-duty, housing-processing, accommodation, hearing-access, or related federal civil-rights issues already being litigated or pursued in the eviction and federal complaint tracks, except to the extent such issues are strictly necessary to resolve guardianship-specific questions.

5. Award further relief the Court deems just and proper.

II. GOVERNING LAW

6. Oregon issue-preclusion law bars relitigation when the identical issue was actually litigated and essential to a final decision, and preclusion is asserted against a party who had a full and fair opportunity to be heard. See Nelson v. Emerald People's Utility Dist., 318 Or 99, 104-06, 862 P2d 1293 (1993); Rawls v. Evans, 234 Or App 316, 321, 227 P3d 1200 (2010).

7. The issues must be identical, and the doctrine requires a prior separate proceeding rather than merely another phase of the same case. See Hayes Oyster Co. v. Dulcich, 199 Or App 43, 50, 54, 110 P3d 615, rev den, 339 Or 544 (2005); Westwood Construction Co. v. Hallmark Inns, 182 Or App 624, 631-32, 637 n 10, 50 P3d 238, rev den, 335 Or 42 (2002).

8. Where finality or issue identity is still disputed, threshold narrowing and proof-gating is the safer posture until the record is complete.

III. CURRENT SOURCE-BACKED OVERLAP RECORD

9. The March 31, 2026 petition in case `26PR00641` seeks temporary and indefinite guardianship, waiver of notice, and a writ of assistance regarding Jane Kay Cortez. Exhibit 2.

10. The same petition seeks authority over Jane Kay Cortez's person and housing-related circumstances and identifies APS-access and possible law-enforcement transport issues as part of the requested authority structure. Exhibit 2.

11. The same petition also states that no guardian, trustee, health-care representative, or attorney-in-fact previously existed for Jane Kay Cortez. Exhibit 2.

12. The record review identifies substantial overlap concerns between the present authority request and earlier authority-related proceedings, including the signed restraining-order matter in case `25PO11530`; however, final preclusion adjudication remains proof-gated pending a fuller prior-order and docket record. See Exhibits 8-10.

IV. ADDITIONAL PROCEEDING OVERLAP: EVICTION AND FEDERAL TRACKS

13. Repository records reflect a Clackamas County Justice Court eviction-response track, case `26FE0586`, including response/cross-motion filings that frame Section 18 displacement, relocation, voucher, and housing-duty violations against Housing Authority of Clackamas County, including the relocation framework under `42 U.S.C. § 1437p(d)` and `24 C.F.R. § 970.21`, together with joinder/show-cause filings directed to Quantum Residential Property Management, L.P.

14. Repository records also reflect a federal civil-rights complaint track naming Housing Authority of Clackamas County and Quantum Residential in the U.S. District Court for the District of Oregon, with overlapping allegations concerning relocation handling, Blossom nonprocessing, accommodation process, hearing access, retaliation, and related housing interference.

15. Repository materials additionally include VAWA-linked housing-interference allegations and protective-order compliance allegations against overlapping actors, which further increases the risk of inconsistent merits findings if the same issues are retried across forums without threshold screening.

16. Related repository case-tracking materials identify two Ashley Ferron protective-proceeding filings (`26P000432` and `26P000433`) as denied, further reinforcing that the challenged housing-administration conduct was not finally adjudicated there on merits findings that would replace the dedicated housing forums.

17. Contemporaneous repository communications also summarize that the pro tem judge treated those housing-administration complaints as outside the proper protective-order lane, and Movant has prepared Clackamas FTR audio requests for the Ashley hearings to authenticate the exact on-record language before proffering any quoted hearing statement.

18. The repository also contains a scanned federal complaint coversheet/complaint packet naming HACC and Quantum as defendants in District of Oregon civil-rights litigation over the same

housing sequence, with a visible top-page dot-matrix received stamp beginning `RECVD 31 MAR '26 12:57...` (trailing characters faint in the current scan); the current scan does not clearly show a filled civil action number.

19. Movant additionally proffers, through the accompanying declaration, that a court clerk orally relayed that the federal complaint and in forma pauperis application were under advisement by Judge Mosman; Movant requests leave to lodge filed-stamped docket, assignment, and status records for that case so the Court can treat that point as record-confirmed rather than clerk-relayed.

20. To the extent the present guardianship petition is used to relitigate those same eviction, Section 18 relocation-duty, housing-processing, accommodation, hearing-access, and VAWA/protective-order-linked issues, threshold issue-screening is required to prevent inconsistent adjudications across forums.

21. If either the Justice Court matter or federal matter has reached a final adjudication on an identical issue, that issue may be precluded here to the extent the Oregon preclusion elements are established by admissible records.

22. If final adjudication has not yet occurred, this Court should still narrow this probate matter to guardianship-specific issues and avoid becoming a parallel merits forum for pending landlord-tenant or federal civil-rights claims.

V. THIRD-PARTY PARTY-STRUCTURE CONSEQUENCE FOR EVICTION RELITIGATION

23. To the extent eviction merits are relitigated in the Justice Court track, repository filings already assert that complete relief requires participation by Housing Authority of Clackamas County and Quantum Residential because those entities are alleged tortfeasors and are alleged to hold the intake, relocation, and Section 18 duty chain central to the disputed housing conduct.

24. The repository's joinder materials identify ORCP 29A and ORCP 22C as the procedural paths for that party-structure question in the eviction forum.

25. Accordingly, if eviction-centered issues are retried, Housing Authority of Clackamas County and Quantum Residential must be joined or brought in through third-party practice in the proper forum rather than treated as absent actors while their alleged duty breaches are adjudicated indirectly here.

26. This probate proceeding should not be used to bypass that party-structure requirement or to reframe eviction merits against absent entities.

VI. PROOF GATE FOR FINAL DISMISSAL

27. Final dismissal still requires proof of the prior separate proceeding, the exact issue decided, finality, party/privity alignment, and a full and fair opportunity to be heard.

28. Movant therefore requests threshold control now, with dismissal only to the extent those elements are proven by admissible certified records.

VII. EXHIBIT REFERENCES (GLOBAL NUMBERING)

29. This motion relies primarily on Exhibit 2, the accompanying declaration, and Exhibits 8-10 as the threshold preclusion record set (current-case docket posture, prior signed-order record, and hearing/notice record).

30. This motion additionally references repository-stored proceeding records for the `26FE0586` eviction packet (including Section 18 duty theory materials), the federal HACC/Quantum complaint track (including the scanned federal complaint coversheet and clerk-relayed advisement status described in declaration form), the denied Ashley Ferron protective-order filings, the staged Ashley-hearing audio-request materials, and VAWA/protective-order overlap materials as indicators of potential issue identity and forum overlap; Movant requests leave to lodge certified dockets/orders and any additional authenticated copies needed for formal preclusion findings.

VIII. RESERVATION

31. Movant reserves the right to supplement with clerk-certified docket printouts, signed orders, transcripts, and proceeding-status records for the Justice Court and federal tracks.

PROBATE DEPARTMENT

In the Matter of: Jane Kay Cortez, Protected Person.	Case No. 26PR00641

MOTION FOR ORDER TO SHOW CAUSE RE: RESPONDENT SOLOMON BARBER'S FAILURE TO TIMELY OPPOSE IN THE ORIGINAL MATTER AND FILING OF PRECLUDED CLAIM

Movant, Benjamin Barber, requests an Order to Show Cause requiring Solomon Barber to appear and explain why relief should not be entered based on failure to timely pursue opposition in the original matter and the filing of a later claim asserted to be precluded.

I. REQUESTED RELIEF

1. Issue an Order to Show Cause requiring Solomon Barber to appear on a date certain.

2. Require Solomon Barber to explain why, after appearing in person in the original restraining-order matter and receiving notice that the order was in effect, he did not timely oppose that order in the original matter through the available hearing process, and instead later took a collateral position inconsistent with the order.

3. Require Solomon Barber to explain why filing of the present claim is not barred by collateral estoppel.

4. Enter appropriate remedial orders, including claim limitation/dismissal and sanctions authorized by law and supported by admissible evidence.

II. GROUNDS

5. The staged record reflects notice-related, order-status, original-matter opposition-path, and compliance-path disputes requiring immediate court supervision.

6. Exhibit 1 reflects that on November 20, 2025, the Court entered an Elderly Persons and Persons with Disabilities Abuse Prevention Act restraining order against Solomon Samuel Barber and included operative restraint and compliance terms.

7. Exhibit 1 further reflects order language that no further service was necessary because Respondent appeared in person, creating a concrete enforceability anchor for subsequent compliance analysis.

8. Exhibit 1 also reflects attached notice pages stating that the order was in effect and explaining the 30-day hearing process for opposing the order in the original matter.

9. Movant alleges Solomon Barber later took positions inconsistent with compliance obligations reflected in the in-effect order and the available opposition process, including service-evasion posture and a later collateral refiling posture reflected in the staged record.

10. Threshold show-cause review is necessary to preserve proceeding integrity and prevent relitigation of precluded issues.

11. The preserved March 10, 2026 Google Voice thread reflects order-image MMS transmissions from Movant at approximately 10:36:48-10:36:49 AM Pacific Time, followed by Solomon's statement at approximately 10:39:26 AM Pacific Time, "Oh I understand, I'm just not incentivized to cooperate," and then his additional statement at approximately 10:45:53 AM Pacific Time, "Once I get served and it goes into effect, I will comply with whatever the order states. But it is not in effect." This sequence is relevant because it can be compared directly against the order packet's in-effect and in-person-appearance language.

12. The April 3-4, 2026 counsel email chain shows service-labeled transmission to Alex Bluestone and counsel's response that he did not accept service on behalf of his client while confirming representation in the Jane Cortez guardianship matter; the preserved chain also includes a same-day FedEx receipt image and delivery-tracking identifiers consistent with physical transmittal to counsel. This supports same-matter notice/knowledge while preserving formal service-validity issues for Court determination.

13. If certified docket or hearing-minute materials later show that Solomon requested a hearing in the original restraining-order matter and failed to attend, Movant requests leave to rely on that additional nonappearance proof as part of the same show-cause branch.

14. The supporting declaration and attached records identify the operative order text, case linkage, and service/effect-position events asserted as the predicate for show-cause relief.

III. LEGAL AUTHORITY

15. ORS 33.055 authorizes remedial-contempt proceedings and order-to-appear process when a party is alleged to have violated a court order.

16. ORS 33.075 authorizes compelled appearance mechanisms after nonappearance on a served order to appear.

17. ORS 33.105 authorizes remedial sanctions upon proof of contempt.

18. To the extent ORCP 17 relief is sought, Movant will proceed only in compliance with applicable ORCP 17 procedural requirements, including any service/safe-harbor prerequisites.

IV. REQUESTED HEARING STRUCTURE

19. Set an expedited show-cause hearing.

20. Require pre-hearing filing of clerk-certified docket and operative orders.

21. Permit targeted testimony on notice, appearance history, original-matter opposition path, preclusion elements, and any proven collateral interference sequence.

22. Require parties to identify, before hearing, the exact order/date/event each side contends controls the original-matter opposition / noncompliance issue.

V. EXHIBIT REFERENCES (GLOBAL NUMBERING)

23. This motion presently relies on Exhibits 1, 3, 4, 5, and 7 from the global exhibit legend filed with this packet.

24. Movant requests leave to supplement with certified notice/appearance/preclusion records (Exhibits 8, 9, and 10) immediately upon receipt.

25. If useful to the Court, Movant can provide an organizational appendix summarizing exhibit status; however, admissible exhibits and certified records control.

VI. RESERVATION

26. Movant reserves amendment rights after receipt of clerk-certified docket and complete service/appearance record.

PROBATE DEPARTMENT

In the Matter of: Jane Kay Cortez, Protected Person.	Case No. 26PR00641

MOTION FOR ORDER TO SHOW CAUSE RE: SOLOMON BARBER'S POST-ORDER HOUSING INTERFERENCE AND POSSIBLE VIOLATION OR EVASION OF THE ORIGINAL RESTRAINING ORDER

Movant, Benjamin Barber, requests an Order requiring Solomon Barber to appear and show cause why the Court should not find that he violated, evaded, or improperly worked around the original restraining-order framework by continuing to interfere in housing matters involving Jane Kay Cortez, Benjamin Barber, and the Housing Authority of Clackamas County (HACC).

I. REQUESTED RELIEF

1. Issue an Order to Show Cause requiring Solomon Barber to appear on a date certain.

2. Require Solomon Barber to explain why his post-order conduct concerning Jane Cortez's housing, household composition, voucher, relocation, or lease matters did not violate or evade the original restraining-order framework.

3. Require Solomon Barber to explain why his later guardianship filing includes detailed housing allegations, household address information, and occupancy / voucher assertions concerning Jane Cortez and Benjamin Barber.

4. Enter appropriate threshold remedial orders, including record-completion directives and only such noninterference or corrective relief as the Court finds directly supported by admissible evidence.

II. GROUNDS

5. Exhibit 1 reflects that the original restraining order against Solomon Samuel Barber was granted and states that no further service was necessary because Respondent appeared in person before the court.

6. Exhibit 1 also reflects operative restraint language, including interference-related restrictions and an order to follow the petitioner's guardian or conservator.

7. The same packet supports that Benjamin Barber appeared in the guardian ad litem / guardian petitioner role for Jane Kay Cortez in that matter.

8. The later Solomon text record supports a self-help service / enforceability posture inconsistent with straightforward compliance: after order-image MMS transmissions in the March 10, 2026 thread, Solomon stated, "Oh I understand, I'm just not incentivized to cooperate," and then, "Once I get served and it goes into effect, I will comply ... But it is not in effect."

9. The present guardianship petition filed by Solomon includes detailed allegations about Jane's subsidized housing, occupancy, voucher status, household address, and Benjamin Barber's housing role.

10. The March 23, 2026 declarations of Benjamin Barber and Jane Cortez each support that Charley Skee explained in substance that Benjamin had been taken off the lease because Benjamin's brother and stepfather had been emailing documents to HACC, and that the situation continued until staff sorted through those materials.

11. The `JC Household` chain also supports an earlier county-notice point on December 2, 2025, when Benjamin emailed Ashley Ferron and copied Charley Skee, HACC Public Housing Management, and HACC Relocation in the same dispute stream, and by March 17, 2026 HACC had again received direct written notice from Benjamin asking whether HACC was still in communication with parties who had restraining orders against them in the courts.

12. In context, that March 17 warning was made during an active dispute over voucher issuance, relocation, lease status, and housing administration, and is best read as notice that continued communication with Solomon or other restrained parties was interfering with Benjamin Barber's tenant rights and the household's housing process.

13. The original stored Julio order packets strengthen that context. The repository contains a granted Benjamin-v.-Julio EPPDAPA order and a granted Jane-v.-Julio EPPDAPA order, both tied to the same residence and protective framework, which shows that household-composition and housing-control disputes were already being formalized in court before the later HACC lease-removal sequence.

14. The repository also contains a scanned `Abuse Protective Order Certificate of Service` form, but targeted OCR shows it is a blank form only. That means the source record is stronger on operative order existence than on completed service paperwork.

15. The current record supports a narrower elimination-based inference. Benjamin did not request his own removal from the lease, and Jane did not request Benjamin's removal.

16. The `JC Household` chain reflects internal inconsistency that warrants explanation: on January 12, 2026 HACC first wrote that Julio needed paperwork unless court documents were submitted, later wrote that Julio and Jane were the only approved occupants, and also wrote that effective January 1, 2026 Benjamin was no longer listed based on `internal review` and `court documentation currently on file`.

17. The broader sequence also includes a February 13, 2026 HACC 30-Day Notice of Termination addressed to Julio Regal Florez-Cortez, and the March 23 declarations attribute Benjamin's removal, in substance, to outside document flows from Benjamin's brother and stepfather.

18. The current record does not yet identify a complete authority-document chain (including any power-of-attorney instrument) or a direct HACC source note identifying who submitted the controlling materials.

19. On the present evidentiary record, these facts support threshold show-cause inquiry and targeted production rather than final factual findings on responsibility.

III. PROOF POSTURE

20. Movant does not ask the Court to assume that a direct HACC source record already states that Solomon asked HACC to remove Benjamin from the lease.

21. The present record instead supports a serious interference question through the combination of:

a. the granted order and in-person-appearance language;

b. the parallel granted Julio protective-order packets showing the same residence and household-control conflict had already been formalized in court;

c. Solomon's later noncompliance posture;

d. the housing-specific allegations in Solomon's guardianship petition;

e. the Skee declaration testimony; and

f. HACC notice materials, including the March 17 tenant-rights warning that continued communication with restrained parties was interfering with the household's housing process.

22. The current record also supports a conservative delay-allocation distinction: the clearer direct processing delay belongs to the Quantum / Blossom / HACC branch (packet/tax-material trail open by December 2, 2025; January 26, 2026 acknowledgment that Quantum had not forwarded intake; first clear voucher marker March 19, 2026), while the clearer direct lease-disruption period appears in the Solomon branch (Benjamin removed effective January 1, 2026; removal confirmed January 12, 2026; restoration marker February 4, 2026).

23. The direct HACC actor-identification record remains a live production target and may require subpoena or other compelled production.

24. The current record does not yet prove what, if any, authority document Solomon was invoking or what he may have signed in Jane's name.

IV. LEGAL AUTHORITY

25. ORS 33.055 authorizes remedial-contempt proceedings and order-to-appear process where violation of a court order is alleged.

26. ORS 33.075 authorizes compelled appearance mechanisms after nonappearance on a served order to appear.

27. ORS 33.105 authorizes remedial sanctions upon proof of contempt.

28. To the extent later filing conduct is implicated, Movant reserves any `ORCP 17` theory only to the extent supported after further record development.

V. REQUESTED HEARING STRUCTURE

29. Set an expedited show-cause hearing.

30. Require pre-hearing filing of the operative original order packets and any clerk-certified records the parties possess concerning the original Solomon matter, the Julio protective-order packets, and the related Ashley Ferron protective filings.

31. Permit targeted testimony on:

a. order language and scope;

b. Solomon's notice and later text posture;

c. the housing-specific allegations in Solomon's guardianship petition;

d. the March 23 Skee-hearing declarations;

e. the January 12, 2026 `JC Household` chain, including the inconsistent HACC household-status record, the `internal review / court documentation currently on file` statement, and the February 13, 2026 Julio termination notice;

f. HACC notice of restraining-order concerns;

g. the elimination-based lease-removal inference and any claimed-authority theory; and

h. any later-produced HACC source materials.

32. If the Court finds the direct HACC actor-identification record incomplete, limit the hearing to threshold show-cause review and record-completion directions rather than final contempt findings.

VI. EXHIBIT REFERENCES

33. This motion presently relies on the global exhibit set and declaration materials filed with this packet, including Exhibits 1, 2, 3, 4, 5, and 7 and the declaration in support of motions.

34. Movant requests leave to supplement with HACC source records, clerk-certified court records, and supplemental Exhibits 8, 9, and 10 once produced.

IN THE CIRCUIT COURT OF THE STATE OF OREGON
FOR THE COUNTY OF CLACKAMAS
PROBATE DEPARTMENT

In the Matter of: Jane Kay Cortez, Protected Person.	Case No. 26PR00641

DECLARATION OF BENJAMIN BARBER IN SUPPORT OF (1) MOTION FOR APPOINTMENT AND APPEARANCE OF GUARDIAN AD LITEM, (2) MOTION TO DISMISS FOR COLLATERAL ESTOPPEL, AND (3) MOTION FOR ORDER TO SHOW CAUSE

I, Benjamin Barber, declare as follows:

1. I am over 18 years of age and competent to testify to the matters stated in this declaration.

2. I submit this declaration in support of the motions identified above.

3. I make this declaration based on personal knowledge of my own actions and communications and on my review of attached records; where a point remains disputed or incomplete, I identify it as proof-gated.

A. RECORD ANCHORS

4. Exhibit 1 reflects restraining-order grant/in-effect language dated November 20, 2025.

5. Exhibit 2 reflects guardianship filing/notice timeline entries associated with case 26PR00641, including March 31, 2026 and April 2, 2026 references.

6. Exhibit 3 reflects structured message/transcript event extraction used in current analysis.

7. The repository also contains original stored source scans of related Julio protective-order matters, including a granted Benjamin-v.-Julio order and a granted Jane-v.-Julio order tied to the same residence and protective framework, as well as a scanned blank abuse-protective-order certificate-of-service form.

B. SHOW-CAUSE SUPPORT STATEMENTS (PROOF-GATED)

8. Exhibit 1 reflects a November 20, 2025 restraining order against Solomon Samuel Barber with operative restraint/compliance terms and language stating no further service was necessary because Respondent appeared in person.

9. Based on Exhibits 1 and 3, I understand there is record support for notice and compliance-path disputes involving Solomon Barber.

10. In the preserved March 10, 2026 Google Voice thread, I sent order-image MMS messages at approximately 10:36:48-10:36:49 AM Pacific Time, and Solomon then responded at approximately 10:39:26 AM Pacific Time, "Oh I understand, I'm just not incentivized to cooperate."

11. In the same thread, Solomon later stated at approximately 10:45:53 AM Pacific Time: "Once I get served and it goes into effect, I will comply with whatever the order states. But it is not in effect," which I offer as a direct statement of his service/effect position.

12. The April 3-4, 2026 counsel email chain reflects service-labeled transmission to Alex Bluestone and counsel's response that he did not accept service on behalf of Solomon while confirming representation in the guardianship matter; the preserved chain also includes a same-day FedEx receipt image and delivery-tracking identifiers consistent with physical transmittal to counsel.

13. The stored Julio order scans strengthen my understanding that household-control and residence disputes at 10043 SE 32nd Ave were already being formalized in court before the later HACC lease-removal sequence.

14. The stored `Abuse Protective Order Certificate of Service` scan appears to be a blank service form only, not a completed proof of service.

15. I request the Court require appearance and explanation regarding compliance posture and any assertion that an in-effect order was unenforceable absent additional service.

16. To my personal knowledge, Julio Regal Florez-Cortez cannot read or write in any language.

17. I did not request my own removal from the lease, and Jane Kay Cortez did not request my removal from the lease.

18. Because Julio could not read or write in any language, I do not believe he was independently generating written housing demands, packet corrections, or asserted-authority paperwork during the same period that HACC said outside documents were affecting household composition.

C. COLLATERAL-ESTOPPEL SUPPORT STATEMENTS (PROOF-GATED)

19. The March 31, 2026 guardianship petition seeks broad authority over Jane Kay Cortez, including residence-related circumstances, APS interface, and possible law-enforcement transport, while also stating that no prior guardian, trustee, health-care representative, or attorney-in-fact previously existed.

20. My earlier review of repository materials repeatedly raised the possibility that prior authority-related proceedings or appointments may already have addressed overlapping control issues concerning Jane Kay Cortez.

21. I do not claim final issue preclusion has already been proven. I understand final collateral-estoppel adjudication requires proof of final decision, issue identity, party/privity, and full and fair opportunity, and that clerk-certified copies would strengthen that proof.

22. I request dismissal only to the extent those elements are established by admissible exhibits, and otherwise request narrowing or a threshold preclusion record before unrestricted merits litigation proceeds.

23. Repository records include a Clackamas County Justice Court eviction-response track in case 26FE0586, including response, joinder, and show-cause filings involving Housing Authority of Clackamas County and Quantum Residential.

24. Repository records also include a federal civil-rights complaint track naming Housing Authority of Clackamas County and Quantum Residential and alleging overlapping housing-interference and accommodation-process facts.

25. Repository-preserved January 15, 2026 communications in the JC Household chain include a summary that a pro tem judge granted relief against Julio and denied Ashley Ferron protective-order relief, while treating those housing-administration complaints as outside the proper protective-order lane. I understand the exact on-record wording still should be verified through the Clackamas hearing-audio request path before it is quoted as a formal hearing statement.

26. Repository case-tracking materials identify Ashley Ferron protective-proceeding filings `26P000432` and `26P000433` as denied.

27. Repository materials also include a scanned federal complaint coversheet/complaint packet in the District of Oregon naming Housing Authority of Clackamas County and Quantum Residential as defendants regarding overlapping housing-process facts; the top of that scanned page shows a visible dot-matrix received stamp beginning `RECVD 31 MAR '26 12:57...` (trailing characters faint in the current scan). The present scan does not clearly show a filled civil action number.

28. I was orally informed by a court clerk that the federal complaint, together with the in forma pauperis application, had been taken under advisement by Judge Mosman. I understand this clerk-relayed statement should be treated as provisional until confirmed by filed docket entries or other admissible court records.

29. I request leave to supplement with filed-stamped docket materials and any assignment/status records once obtained.

30. To the extent the current guardianship petition attempts to relitigate those same housing-merits issues, I request issue narrowing in this case and formal preclusion analysis only after admissible docket and finality records are supplied.

31. To the extent eviction merits proceed in the Justice Court track, I understand the repository joinder filings assert that complete relief requires participation by Housing Authority of Clackamas County and Quantum Residential because of the intake, relocation, and Section 18 duty chain described there.

D. GAL SUPPORT STATEMENTS

32. I believe the record reflects material factual conflicts that warrant independent review for Jane Kay Cortez's interests.

33. I request appointment of a neutral GAL to distinguish proven facts from unproven assertions.

E. GRAPH-ASSISTED MATERIALS

34. To the extent any generated summary materials are referenced, I request that they be treated only as organizational aids and not as substitutes for court records, admissible exhibits, and testimony.

I declare under penalty of perjury under the laws of the State of Oregon that the foregoing is true and correct to the best of my knowledge.

Oregon Authority Table

This table is the authority register for the current packet. It is grounded to official Oregon statutes and rules and is intended to support filing-stage citation checks and argument framing.

1) Motion for GAL Appointment

1. Protective-proceeding use of civil procedure and evidence rules:

`ORS 125.050`

Working use: unless chapter 125 provides otherwise, the Oregon Rules of Civil Procedure and the Oregon Evidence Code apply in protective proceedings.

2. Notice to interested persons in protective proceedings:

`ORS 125.060`

Working use: identifies who must receive notice of a petition for appointment of a fiduciary or other protective order, including the respondent and specified relatives or other interested persons.

3. Manner and timing of notice:

`ORS 125.065`

Working use: requires personal service on a respondent who has attained 14 years of age, permits mailing for other notice recipients, and generally requires service or mailing at least 15 days before the final date for filing objections.

4. Objections and hearing path:

`ORS 125.075` and `ORS 125.080`

Working use: interested persons may present objections; objections to a petition may be written or oral; if objections are presented, the court shall schedule a hearing; and the court may require a hearing and must hold one if the respondent or protected person objects and does not withdraw the objection.

5. Counsel / participation at hearing:

`ORS 125.080`

Working use: the respondent or protected person may appear at a hearing in person or by counsel.

6. Protective-person special advocate:

`ORS 125.120`

Working use: after appointment of a fiduciary and under the conditions stated in the statute, the court may appoint a protected person special advocate; this is not the same thing as a general-purpose GAL authority and should not be conflated with it.

7. EPPDAPA restraining-order relief baseline:

`ORS 124.020`

Working use: supports abuse-prevention restraining-order relief terms reflected in the signed EPPDAPA order packet, including respondent conduct and property directives.

2) Motion to Dismiss (Collateral Estoppel)

1. Oregon issue-preclusion elements:

`Rawls v. Evans, 234 Or App 316 (2010)` quoting `Nelson v. Emerald People's Utility Dist., 318 Or 99, 104, 862 P2d 1293 (1993)`

Working use: the five issue-preclusion requirements are identity of issue, actual litigation and essentiality, full and fair opportunity to be heard, party or privity, and a prior proceeding of the type given preclusive effect.

2. Identical-issue requirement:

`Nelson v. Emerald People's Utility Dist., 318 Or 99, 105-06, 862 P2d 1293 (1993)`

Working use: issue preclusion does not apply when the issues are merely similar but not identical.

3. Prior separate proceeding requirement / same-case limitation:

`Hayes Oyster Co. v. Dulcich, 199 Or App 43, 50, 54, 110 P3d 615, rev den, 339 Or 544 (2005)`

`Westwood Construction Co. v. Hallmark Inns, 182 Or App 624, 631-32, 637 n 10, 50 P3d 238, rev den, 335 Or 42 (2002)`

Working use: issue preclusion applies to a prior separate proceeding, not merely to different claims or phases within the same lawsuit.

4. Current caution:

Even though the doctrine is now authority-grounded, do not present the collateral-estoppel branch as established in this matter until the actual prior order / judgment / proceeding record is obtained and mapped to the elements above.

3) Motion for Order to Show Cause / Sanctions Track

1. Remedial contempt procedure and aggrieved-party initiation:

`ORS 33.055`

Working use: an aggrieved party may initiate a remedial-contempt proceeding, request that the contempt defendant be ordered to appear, and must file supporting documentation sufficient to give notice of the specific acts alleged to constitute contempt.

2. Compelling attendance after failure to appear on an order to appear:

`ORS 33.075`

Working use: if a person served with an order to appear under `ORS 33.055` fails to appear, the court may issue any order or warrant necessary to compel appearance.

3. Remedial sanctions available in contempt:

`ORS 33.105(1)`

Working use: the court may impose one or more remedial sanctions, including compensation for loss, injury, or costs, orders designed to ensure compliance with a prior court order, attorney fees, and other effective remedial sanctions unless otherwise provided by statute.

4. Improper-purpose / unsupported-filing sanctions:

`ORCP 17 C(2)-(4)`

Working use: a signer certifies that a filing is not presented for an improper purpose, that legal positions are warranted by existing law or a nonfrivolous argument, and that factual assertions are supported by evidence or specifically identified as expected to be supported after investigation or discovery.

5. Discovery / production sanction support if subpoena-related production becomes litigated through motion practice:

`ORCP 46 A(4)` and `ORCP 46 B(2)`

Working use: the court may award reasonable expenses on a motion to compel and may enter just orders when a party fails to obey an order to provide or permit discovery.

4) Service

1. Service of orders, motions, notices, and other later-filed papers:

`ORCP 9 A-B`

Working use: subsequent pleadings, orders, motions, notices, and similar papers generally must be served on each party, and service on represented parties is generally made on counsel by delivery, mail, e-mail, electronic service, or other authorized means.

2. Time-computation rule:

`ORCP 10 A`

Working use: excludes the triggering day, includes the last day unless it falls on a weekend or legal holiday, and extends the deadline to the next business day when appropriate.

3. Additional time after certain service methods:

`ORCP 10 B`

Working use: except for summons, three days are added when a party must act within a prescribed period after service by mail, e-mail, facsimile, or electronic service.

3. Subpoena obedience / warning language:

`ORCP 55 A(1)(a)(vi)(A)-(B)`

Working use: subpoenas must state that they must be obeyed unless a judge orders otherwise and that disobedience is punishable by a fine or jail time.

5. Clackamas supplementary probate rules:

`Clackamas SLR 9.035`, `SLR 9.076`, and related Chapter 9 probate rules in the 2026 Clackamas Supplementary Local Rules

Working use: no separate local rule has yet been identified as changing the core show-cause, sanctions, subpoena, service, or issue-preclusion analysis in this packet, but the Clackamas probate SLRs do supply local deficiency/citation practice and probate-administration requirements that may become relevant if the court requests local-rule support or probate-case management detail.

Subject: Estate of Gerald Miller

As you are already aware, Jane has profound intellectual disabilities since birth, for which she has been a public charge her entire adult existence, for her lack of ability to handle her own affairs. | live with Jane and was raised by Jane, and | personally handle her affairs, and | had previously stayed in Montana for several consecutive summers in my childhood. | am now an Artificial Intelligence engineer specializing in legal text, and therefore the burden falls upon me to handle Jane’s legal affairs.

| am not entirely sure of the content of the meeting with Jane at the funeral, however my demands of my sister / brothers who were at attendance that | see a copy of the last will and testament of Gerald Miller has not yet been satisfied. In addition | wish to know the provenance of the document, e.g. who was the notary who witnessed the document being signed, and at which time and mental condition was the document notarized.

Jane is not a reliable witness, but she had relayed something to the effect, that she might have been disinherited, and something to the effect that she does not deserve anything, because she receives welfare from the government. To this | would like to remind you, that the government is in fact broke, and Trump is discontinuing new section 8 housing vouchers, and the home that Jane has been living in will be demolished next year by the Housing Authority of Clackamas County. Thus Jane will not have a place to live shortly, depending on what happens with this ‘big beautiful bill’ in congress, and her family need to work out her living arrangements.

Moreover, even if Jane is disinherited, | can make an argument under the court's inherent equitable powers, that the money that the State of Oregon has already paid to jane, should be claimed by the State of Oregon against the estate for services rendered to a public charge, whose profound intellectual! disability was known since birth and who was disinherited for the purposes of maximizing the estates’ value to the detriment to the public, given the admission that she is not getting inheritance expressly because she does not need it while being a public charge, so the state gets properly reimbursed for its expenses.

If my questions and demands are not satisfied by the time | return from Europe for work in 2 weeks , | will be filing the claim against the estate in the circuit court of Oregon for relief.

Just let me know what your calendar looks like, or if it's easier for you, we can meet at Yannic Kilcher's (CEO of Deep

Judge) Weekend Machine learning peer review paper discussion on discord on Saturday 11 am PST. https://discord.gg/Ub6cx5sU

There are normally 100 - 150 people in attendance on the weekends, to review papers from the machine learning

preprint Arxiv, most of them are domain experts, and a few are chairs of Neurips, retired CERN / Sandia physicists,

etc, but Myself (hallucinate Ilc) and Yannic (deepjudge) and Xmaster (Aleph Alpha) work in the legal domain.

1 INTRODUCTION

While modern deep models such as Transformers have achieved impressive empirical performance, it remains a mystery how such models acquire the knowledge during the waining process. There have been ongoing arguments on whether the models can truly generalize beyond what it is trained on, of just memorize the dataset and performs poorly in out-of-distribution (OOD) data Wang et al., 2024b; Chu et al., 2025: Mirzadeh et al., 2024),

Modeling the memorization/generalization behaviors have been a goal of many works. One such behavior, know as grokking (Power et al., 2022; Doshi et al., 2024; Nanda et al. 2023; Wang et al., 2024a: Varma et al., 2023; Lin etal. 2023: Thilak et al, 2022), shows that the model initially overfits to the training set, and then suddenly generalizes to unseen test samples affer continuous training, Many explanation exists, ¢.g., effective theory (Liu et al., 2022: Clauw et al.. 2024), efficiency of mentorization and generalization circuits (Varma et al., 2023). Bayesian interpretation with weight decay as prior (Millidge, 2022), etc. Most works focus on a direct explanation of its empirical behaviors, or leveraging property of very wide networks (Barak et ul, 2022; Mohamad et al., 2024: Rubin et al., 2024), but few explores the details of the grokking leaming procedure by studying the

research in development

Abstract:

> The VinePPO paper [1] investigated the standard value estimations used in Reinforcement Learning with Verifiable

Rewards (RLVR) for Chain-of-Thought (CoT) reasoning, and found that they produce poor estimates, barely

outperforming random baselines when ranking alternative steps, and impairing training and final reasoning

performance. We study whether, for the PPO value-network model in the VinePPO paper's baseline, this is a training-

data problem or a fundamental architectural limitation, by using VinePPO’s accurate Monte-Carlo (MC) estimates as

supervision targets for the value network. Ideally, we would like to develop a hybrid training approach for even more

efficient PPO-like RL, where the value network is regressed against the training outcomes most of the time, as usual,

and only occasionally regressed against the VinePPO MC rollouts

===== PAGE 04 =====

1 vg The facts that support this request for a Temporary Guardianship are as follows:

y) a. The Respondent is a 72-year-old woman with an undiagnosed intellectual

9 disability who is presently living in a low income/disability housing unit

4 subsidized by Clackamas County.

5 b. Respondent’s intellectual functioning is significantly limited and

6 approximates that of a child at the elementary school level. During her

7 schooling years, Respondent was enrolled in a developmental disability Ww) ron i]

8 program. Respondent lacks the capacity to understand, evaluate, and :

9 communicate decisions regarding complex personal, financial, and legal

10 matters.

fil c. Respondent currently requires assistance with nearly all of her activities of

12 LN Udaily living and would benefit from a caretaker. For example, Respondent

13 cannot drive; she cannot schedule routine appointments for herself such as

14 with a doctor, dentist, or government agencies; she struggles to cook for

. 15 herself and cannot obtain adequate nutrition without assistance; she currently

16 has impaired bowel and/or bladder control; and she requires assistance and

17 prompting to fulfill personal hygiene functions. Petitioner is unaware of any

18 medications that Respondent as taking at this time, but believes that

19 Respondent would be unable to adhere to a medication regimen without

NO assistance.

ay d. Respondent was notified approximately six months ago that she will be

22 evicted from her subsidized housing by the end of March 2026.

pie) e. Respondent’s son, Benjamin Barber, who was incarcerated until recently, has

pottTA}e

24 begun living with the Respondent in Vinton of the terms of her occupancy

25 of the subsidized dwelling. Respondent’s son has not provided necessary

26 documentation to the Oregon Housing Authority (“OHA”), instead stating that

1 he will force the courts to evict him, if needed. Because of this, Respondent
9 has been unable to obtain a voucher from OHA to apply for alternative
3 subsidized housing.
4 f. Respondent has not secured alternative housing and, due to her intellectual
5 disability, is unable to secure housing for herself without assistance. As such,
6 Respondent is in immediate and serious danger because she will be evicted
7 from her home within approximately one week and has nowhere else to go.
8 g. Furthermore, Respondent's son, Benjamin Barber, has interfered with the
9 ability of investigators from Adult Protective Services ("APS") to visit with
10 Respondent and to evaluate the Respondent's condition, and has prevented the
Tat police from performing welfare checks on the Respondent. The isolation of
19 Respondent by Benjamin Barber constitutes an immediate and serious danger
'he to Respondent, and a guardian must be appointed as soon as possible to ensure
14 Respondent's safety and well-being.
15 h. Within approximately the past year, a relative of the Respondent passed away,
16 leaving a substantial inheritance to Respondent which, upon information and
17 belief, is intended to be held in a Special Needs Trust. The deceased relative's
18 estate is currently in probate in another state, but a distribution is expected
19 within the next few months.
20 i. Due to her intellectual disability, Respondent is not presently able to
a1 understand her finances and is unable to manage her financial resources
) effectively. As such, Respondent is vulnerable to exploitation and financial
23 harm. While Respondent's estate is not sufficient at this time to warrant a
24 conservatorship, a guardian must be appointed to assist in placing the
25 Respondent's potential inheritance in a trust for the Respondent's benefit.

1 8. Due to her intellectual disability, the Respondent requires assistance with nearly

6 she cannot take those actions necessary to provide herself the health, care, food, shelter, clothing,
7 | personal hygiene and other care without which serious physical injury or illness is likely to occur

9 2. Appointment of an Indefinite Guardian is sought because the Respondent is
10 | incapacitated. The Guardianship is necessary to promote and protect the well-being of the
11 | Respondent. The facts that support this request for an Indefinite Guardianship are the same as
12. | those that support the Temporary Guardianship.

1 15. The Proposed Temporary/Indefinite Guardian will exercise control over the
2 | Respondent’s estate. The aggregate value of the Respondent’s estate is presently unknown but is
3 | not believed to exceed $10,000.00. The Respondent’s current monthly income is approximately
4 | $1,171 per month, representing $987.00 in Social Security benefits and $184.00 from Medicare.
5 | The Representative Payee for Respondent, Marcella Easly, is currently managing Respondent’s

6 | monthly income. The Proposed Temporary/Indefinite Guardian will not be holding money of the
7 | Respondent's at the time of appointment.
8 16. | The Proposed Temporary/Indefinite Guardian intends to place the Respondent in
9 | amental health treatment facility, a nursing home or other residential facility, if appropriate and
10 | necessary. Presently, the Proposed Temporary/Indefinite Guardian anticipates finding placement
11 in low-income housing similar to where she has previously resided, if at all possible.
12 17. The Petitioner is seeking plenary authority as defined in ORS 125.055 over the
13 | Respondent.
14 18. A Visitor must be appointed in this proceeding.
15 1g, Venue for this proceeding lies in Clackamas County because the Respondent
16 | presently resides in this county. No other Court in the State of Oregon, or any other state, has
17 | acquired jurisdiction in this matter and no Guardian has previously been appointed for the
18 | Respondent.
19 20. Pursuant to ORS 125.605(2), Petitioner requests that the Court waive the
20 | requirement that notice be given prior to appointment of a temporary guardian for the following
21 | reasons:
OD) a. Respondent is in immediate and serious danger because:
22 i. Respondent will be evicted from her current residence by the end of March
24 2026 and currently has no alternative housing arranged because her
25 intellectual disability prevents her from doing so. Furthermore, Respondent is
26 presently residing with her son who is actively interfering in Respondent's

1 ability to secure alternative housing and is actively preventing Respondent
y) from being evaluated by Adult Protective Services and/or law enforcement.
2 Respondent's isolation and imminent eviction present an immediate and
4 serious danger to her health, safety, and wellbeing, and a guardian must be
5 appointed as soon as possible to prevent harm to Respondent.
6 ii. Respondent urgently needs a legal representative to communicate with others
7 and to make decisions on her behalf.
8 21. Petitioner has employed Alexander M. Bluestone and the law office of Alex

9 | Bluestone Law, LLC to represent him in this matter and Petitioner is entitled to have his
10 | reasonable attorney fees and costs in this protective proceeding paid out of the respondent's
11 funds pursuant to ORS 125.095.

12 MOTION FOR WRIT OF ASSISTANCE

iy 13 22. Pursuant to ORS 125.025(3)(f), this Court has authority to "require immediate
14 | delivery of a protected person or property of the protected person, including records, accounts,
15 | and documents relating to that property, to the court or to a place it designates."
16 23. Accordingly, the Petitioner, Solomon Barber, respectfully moves this Court for
17 | entry of an Order directing the issuance of a Writ of Assistance to the Clackamas County
18 | Sheriff's Office and to all other law enforcement officers and agencies, within the State of
19 Oregon, including the Clackamas Fire District. The Writ should authorize these officials to
20 | obtain custody of the Respondent, Jane Kay Cortez, at her home or wherever she may be found
21 | within the State of Oregon, and to transport her to Providence Milwaukie Hospital, located at
DD) 10150 SE 32nd Ave, Milwaukie, OR 97222, or another nearby hospital, if needed, in
23 | coordination with the proposed guardian. The Writ should authorize these officials to enter the
24 | home of Respondent located at 10043 SE 32nd Ave., Milwaukee OR, 97222, for the purpose of
25 | transporting Respondent. Petitioner makes this motion because, in the absence of such a Writ,
26 | law enforcement officers will refuse to aid in the transport of Respondent.

1 WHEREFORE, the Petitioner prays for a Limited Judgment:
2 A. Waiving prior Notice upon the condition that Notices will be given in accordance
e 3 | with ORS 125.060 within two days of the date of appointment;
Pa B. Appointing a Court Visitor in this matter;
5 (Ce Appointing Solomon Barber as Temporary Guardian for Jane Kay Cortez;
: 6 D. Directing that Temporary Letters of Guardianship issue to Solomon Barber;
7 E. Appointing Solomon Barber as Indefinite Guardian for Jane Kay Cortez;
8 F. Directing that Letters of Guardianship issue to Solomon Barber;
9 G. Ordering the issuance of a Writ of Assistance directing law enforcement officers
10 | to aid in the transport of Respondent to Providence Milwaukie Hospital or another nearby
11 | hospital, as requested above; and

12 H. Allowing the recovery of reasonable attorney fees and costs in this protective

13 | proceeding paid out of the respondent’s funds pursuant to ORS 125.095.

14

15 I HEREBY DECLARE THAT THE ABOVE STATEMENT IS TRUE TO THE

16 | BEST OF MY KNOWLEDGE AND BELIEF, AND THAT I UNDERSTAND THAT IT IS

17. | MADE FOR USE AS EVIDENCE IN COURT AND IS SUBJECT TO PENALTY FOR

Protective Order And HACC Notice Timeline

This memo separates:

• the court-side chronology for protective or restraining orders involving Julio Cortez and Solomon Samuel Barber; and

• the newly confirmed attachment-level record showing restraining-order paperwork naming Ashley Ferron; and

• the current documentary record showing when Housing Authority of Clackamas County ("HACC") was told or otherwise knew of those orders.

1. Julio Cortez order

Court-side record

• A scanned Oregon abuse-prevention order exists at [Benjamin Barber vs Julio Cortez protective order.pdf](/home/barberb/HACC/evidence/history/Benjamin%20Barber%20vs%20Julio%20Cortez%20protective%20order.pdf).

• OCR confirms this is an Elderly Persons and Persons with Disabilities Abuse Prevention Act restraining order against `Julio R. Florez-Cortez`, case number appearing as `25PO11318`, in Clackamas County.

• OCR also confirms the order was granted, with the standard one-year duration language, and the judge-signature line is best read as `11-17-2025`, though the scan remains imperfect.

• A separate scanned packet exists at [Jane Cortez vs Julio Cortez.pdf](/home/barberb/HACC/evidence/history/Jane%20Cortez%20vs%20Julio%20Cortez.pdf). Targeted OCR of its first four pages shows it is also an EPPDAPA restraining-order packet against `Julio Regal Florez-Cortez Sr`, filed by `[x] Guardian ad litem`, granted, and directed in part to the residence at `10043 SE 32nd Ave, Milwaukie, Oregon 97222`.

• The repository also contains [Abuse Protective Order Certificate of Service.pdf](/home/barberb/HACC/evidence/history/Abuse%20Protective%20Order%20Certificate%20of%20Service.pdf), but targeted OCR shows that scan is only a blank certificate-of-service form and does not itself prove completed service.

• The surrounding workspace narrative repeatedly states that:

• in October 2025, Benjamin Barber requested bifurcation and HACC said a restraining order was required; and

• in November 2025, Benjamin Barber obtained the restraining order, later continued after a December 9, 2025 hearing.

See [did-key-hacc-temp-session.json](/home/barberb/HACC/workspace/did-key-hacc-temp-session.json) and [improved-complaint-from-temporary-session.cited.md](/home/barberb/HACC/workspace/improved-complaint-from-temporary-session.cited.md).

• A November 17, 2025 text from Solomon says, "Don't you already have the restraining order?" which strongly indicates the Julio-related order already existed by `November 17, 2025`. See [uid

_660690_Mon--17-Nov-2025-20-56-22--0000_New-text-message-from-solomon--503--381-6911.eml](/home/barberb/HACC/workspace/solomon-sms-eml-2026-04-04/uid_660690_Mon--17-Nov-2025-20-56-22--0000_New-text-message-from-solomon--503--381-6911.eml).

Current best Julio timeline

• `October 2025`: bifurcation / safety issue raised with HACC; workspace narrative says HACC required a restraining order.

• `By November 17, 2025`: Julio-related restraining order appears already to exist.

• `November 25, 2025`: HACC and Benjamin were already corresponding in the `Allegations of Fraud - JC Household` thread. The preserved excerpt does not show a Julio-specific lease statement, but it confirms the household relocation / processing thread was active by that date. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• `December 4, 2025`: Benjamin later referenced HACC's `December 4th Lease adjustment`, which strongly suggests HACC had already taken a lease-side action affecting household composition by that date. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• `December 9, 2025`: workspace narrative says the order was continued after a hearing.

• `December 10, 2025`: Benjamin wrote HACC that `Your December 4th Lease adjustment is not well taken` and, in the same message, tied the issue to the `12/9/2025` court hearing and statements by Julio in court. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

HACC notice record for Julio

• Current strongest narrative support is that HACC knew of the Julio safety / restraining-order issue as early as the October 2025 bifurcation request, because the workspace narrative says HACC itself required the order.

• Older preserved `clackamas.us` email review now adds several stronger pre-January notice points:

• On `November 24, 2025 at 11:39 AM`, Ashley Ferron wrote to `HACC - PM`, copied `HACC - Relocation` and Charley Skee, and stated: `Please also send copies of any legal documentation you have regarding who is and is not currently residing in the Household` and `Please see the attached emails sent regarding Julio Cortez, a household member in Jane Cortez's file.` See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import/0003-RE-Allegations-of-Fraud---JC-Household-72787eff4e5c4548bd1588bd9666f7c6-clackamas.us/message.json).

• On `November 24, 2025 at 12:08 PM`, Charley Skee responded, `We will review the file for the unit located at 10043 SE 32nd Ave.`, confirming the issue had already been escalated into HACC file review. See [message.json](/home/barberb/HACC/evidence/e

mail_imports/starworks5-confirmed-case-import/0003-RE-Allegations-of-Fraud---JC-Household-72787eff4e5c4548bd1588bd9666f7c6-clackamas.us/message.json).

• On `November 25, 2025 at 10:31 AM`, Ashley Ferron told Benjamin Barber to focus on sorting out `the details of your own household` so HACC could determine the next relocation steps, which shows the Julio issue had already become part of the household-composition / relocation process. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import/0003-RE-Allegations-of-Fraud---JC-Household-72787eff4e5c4548bd1588bd9666f7c6-clackamas.us/message.json).

• On `December 2, 2025 at 10:04 AM`, Ashley Ferron wrote that it was her understanding that the household was `pursuing a unit in Blossom and Community apartments` and that those office staff would need the packet returned, tying the household-status issue to the relocation / Blossom processing path. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import/0003-RE-Allegations-of-Fraud---JC-Household-72787eff4e5c4548bd1588bd9666f7c6-clackamas.us/message.json).

• On `December 2, 2025 at 8:55 AM`, Benjamin wrote HACC, Charley Skee, HACC Property Management, and HACC Relocation: `I got my partners to sign off on this year's business minutes, amendments, and also the IRS taxes. I have also completed the packet that you sent me`, which is the strongest current early anchor that packet and tax-related materials had already been assembled before the later January-February HACC financial-document loop. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0036-Re-Allegations-of-Fraud---JC-Household-CAMTdTS-K-FyjnOdwGC9tmC4Si5AUxKwfYk-GhTRQL1RoB74x-w-mail.gmail.com/message.json).

• On `December 11, 2025 at 4:24 PM`, Kati Tilton wrote that HACC expected communications to be `safe and respectful` and assigned `Ashley Ferron` as the single point of contact for Benjamin Barber and the household, confirming that Ashley was then the designated HACC contact for the Jane / Julio / relocation matters. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import/0002-RE-Allegations-of-Fraud---JC-Household-88246644b2924275bad7d62be838b1c3-clackamas.us/message.json).

• November-December 2025 documentary review improves the lease-side chronology, even though it still does not produce a clean November email saying `Julio is off the lease`:

• By `November 25, 2025`, HACC and Benjamin were already corresponding in the same `JC Household` thread that later carried the Julio and voucher issues. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• On `December 10, 2025`, Benjamin expressly complained to HACC about `Your December 4th Lease adjustment` and connected that lease action to the `December 9, 2025` hearing involving Julio. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• Current strongest documentary support of HACC knowledge is now the January 2026 relocation thread:

• On `January 6, 2026 at 12:02 PM`, Benjamin wrote HACC Relocation and Ashley Ferron that Waterleaf was being pursued instead of Blossom because of `uncertainty and delay`, and added that Jane's Clackamas County representative payee had suggested there was some danger to Jane's housing if the voucher were used in Multnomah County. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import-cli-filtered/0002-RE-Allegations-of-Fraud---JC-Household-72787eff4e5c4548bd1588bd9666f7c6-clackamas.us/message.json).

• On `January 12, 2026 at 9:59 AM`, Benjamin wrote that `Jane doesn't want to live with Julio`, that she had suggested a restraining order against him, and that `Jamila ( clackamas county employee) been scaring jane about her losing section 8 if she leaves clackamas county.` See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• On `January 12, 2026 at 10:48 AM`, HACC Relocation wrote: `At this time, Julio is a member of the Household and will need to complete paperwork as well. If you or Jane have court documentation showing that Julio cannot reside in the household, please submit it for review.` See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• On `January 12, 2026 at 2:20 PM`, Benjamin replied: `I am going to fill out the Jane Cortez vs Julio Cortez restraining order tonight, and will fill out the Port Out request which I intend to send to you tomorrow.` See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• On `January 20, 2026 at 10:09 AM`, HACC followed up asking whether Jane had completed the intake packet and port request forms. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• A later preserved thread also identifies a Clackamas County `Money Management` contact named `Jemiliah` in connection with Jane's rent/payment handling. In the February 5, 2026 chain, Benjamin wrote that `Jemiliah at money management` had said she was going to send HACC a check and had told him not to keep paying Jane's rent, and Kati Tilton replied that `The Money Management Program is operated out of Clackamas County Social Services.` See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import-cli-filtered/0002-RE-Allegations-of-Fraud---JC-Household-72787eff4e5c4548bd1588bd9666f7c6-clackamas.us/message.json).

• Additional related documentary support:

• HACC created a VAWA-related lease-amendment / household-composition document effective `January 1, 2026`. See [HACC vawa violation.pdf](/home/barberb/HACC/workspace/temporary-cli-session-migration/paper-exhibits/HACC%20vawa%20violation.pdf).

• In the same relocation thread, HACC later wrote that, based on the reported household composition, the household would now be eligible for `a one-bedroom voucher instead of a 2-bedroom voucher.` The embedded header shows that language appeared in a `January 27,`

2026 at 8:49 AM HACC message. See [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml).

• By March 17, 2026, Benjamin explicitly told HACC personnel not to communicate with parties that have restraining orders against them in the courts. See [2026-03-17_additional-info_bwilliams_3.eml](/home/barberb/HACC/workspace/imap-confirmed-messages/2026-03-17_additional-info_bwilliams_3.eml).

• The current documentary record therefore shows an internal inconsistency:

• HACC's lease-side paperwork reflects a household-composition change effective January 1, 2026.

• HACC's January 12, 2026 relocation email still says Julio is a member of the Household unless court documentation is submitted.

• HACC's January 27, 2026 relocation email then treats the household as reduced to one-bedroom eligibility based on changed composition.

• That inconsistency matters because it suggests HACC may have been acting on Julio's removal or changed status before it clearly explained that position in a consistent way to the household.

Current confidence assessment for Julio

• High confidence: a restraining/protective order against Julio existed by November 17, 2025.

• Moderate confidence: the order was obtained in November 2025 and continued after a December 9, 2025 hearing.

• High confidence: HACC had already taken or been accused of taking a December 4, 2025 lease-adjustment action affecting the household before the January 2026 emails.

• High confidence: HACC had explicit documentary notice by January 12, 2026 that court documentation would be used to show Julio could not reside in the household, and HACC itself requested that documentation.

• High confidence: HACC had already generated a household-composition / lease-change document with an effective date of January 1, 2026.

• High confidence: by January 27, 2026, HACC was expressly treating the household as eligible for only a one-bedroom voucher based on reported household composition.

• Moderate confidence: HACC knew of the Julio safety / restraining-order issue earlier, during the October-November 2025 bifurcation sequence.

• High confidence: by November 24, 2025, Ashley Ferron, Charley Skee, HACC Public Housing, and HACC Relocation had already been placed on written notice that Julio was a disputed household member in Jane Cortez's file and that legal documentation regarding household composition was being requested.

• Moderate-to-high confidence: by January 12, 2026, HACC had also been told in writing that a Clackamas County employee identified as Jamila had been scaring Jane about losing Section 8 if she left Clackamas County.

• `Low-to-moderate confidence on pre-January-12 exact timestamp`: the earliest exact date/time before January 12, 2026 when the Julio order itself was reported to HACC is not yet pinned down by a single email or attachment in the currently reviewed record.

2. Solomon Samuel Barber order

Court-side record

• A scanned Oregon abuse-prevention order exists at [sam barber restraining order.pdf](/home/barberb/HACC/evidence/history/sam%20barber%20restraining%20order.pdf).

• OCR confirms this is an Elderly Persons and Persons with Disabilities Abuse Prevention Act restraining order against `Solomon Samuel Barber`.

• OCR on page 3 shows the order was granted and bears a judge-signature date of `11-20-2025`. See [sam barber restraining order.pdf](/home/barberb/HACC/evidence/history/sam%20barber%20restraining%20order.pdf).

• Independent same-day support appears in the Google Voice export: at `November 20, 2025, 1:52:21 PM Pacific Time`, Benjamin texted Solomon, "The restraining order is granted." See [event.json](/home/barberb/HACC/evidence/email_imports/starworks5-google-voice-takeout-20260404-fixed-materialized/14164-Me-to-solomon-gv-3f38fb3f900d4de1/event.json).

Current best Solomon timeline

• `November 20, 2025`: Solomon restraining order granted.

• `November 20, 2025, 1:52:21 PM Pacific`: Benjamin texted Solomon that the restraining order had been granted.

HACC notice record for Solomon

• I have not yet located a clean, earlier HACC email or attachment specifically reporting the Solomon order by name.

• I also ran a direct IMAP-focused search across the preserved HACC mail sets and mirrored mail exports for `Solomon`, `Sam Barber`, and `Samuel Barber`, and did not locate a named HACC message containing those terms. So, on the current preserved mail record, there is still no exact named HACC notice message for the Solomon order.

• By `March 17, 2026`, HACC was plainly being told that there were people with restraining orders "against them in the courts." See [2026-03-17_additional-info_bwilliams_3.eml](/home/barberb/HACC/workspace/imap-confirmed-messages/2026-03-17_additional-info_bwilliams_3.eml).

• On the current record, I cannot yet state a reliable exact first-report-to-HACC timestamp for the Solomon order.

Current confidence assessment for Solomon

• `High confidence`: Solomon restraining order was granted on November 20, 2025.

• `High confidence`: a direct IMAP search of the preserved HACC mail corpus did not reveal any named message mentioning `Solomon`, `Sam Barber`, or `Samuel Barber`.

• `Low confidence on exact HACC notice timestamp`: current reviewed record does not yet show the first exact email or communication in which HACC was told of the Solomon order.

3. Ashley Ferron order attachments

Attachment-level court record

• A January 26, 2026 HACC email thread contains two attached scanned restraining-order PDFs naming `Ashley Ferron (in her official capacity)` as respondent:

• [cortez-1.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-1.pdf)

• [cortez-4.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-4.pdf)

• The email carrying those attachments is [message.eml](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/message.eml). Its headers show it was delivered to Gmail on `January 26, 2026 at 9:53:12 AM Pacific`, and it was sent from `"Ferron, Ashley" <AFerron@clackamas.us>` to `HACC-Relocation@clackamas.us` and `starworks5@gmail.com`.

• The same attachment names also appear in the broader preserved HACC thread at [message.eml](/home/barberb/HACC/workspace/manual-imap-download-2026-03-31/20260202-164227_Re-Allegations-of-Fraud---JC-Household/message.eml), confirming they were part of the working email chain rather than isolated export artifacts.

• The MIME parts in that email expressly show the attached filenames `cortez 4.pdf`, `cortez 3.pdf`, `cortez 2.pdf`, and `cortez 1.pdf`.

• OCR on page 1 of [cortez-1.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-1.pdf) shows:

• `IN THE CIRCUIT COURT OF THE STATE OF OREGON`

• a caption best read as `Jane Kay Cortez v. Ashley Ferron (in her official capacity)`

• petitioner `Jane Kay Cortez`

• respondent `Ashley Ferron (in her official capacity) ORS 124`

• a restraining order under the `Elderly Persons and Persons with Disabilities Abuse Prevention Act`

• a Clackamas County protective-proceeding case number best read as `26P000432`.

• OCR on page 3 of [cortez-1.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-1.pdf) shows the petition was `DENIED`, with handwritten text that appears to reference removing Julio Cortez from the household consistent with case

25PO11318.

• OCR on page 1 of [cortez-4.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-4.pdf) shows:

• IN THE CIRCUIT COURT OF THE STATE OF OREGON

• a caption best read as Benjamin Jay Barber v. Ashley Ferron (in her official capacity)

• petitioner Benjamin Jay Barber

• respondent Ashley Ferron (in her official capacity) ORS 124

• the same Elderly Persons and Persons with Disabilities Abuse Prevention Act form

• a Clackamas County protective-proceeding case number best read as 26P000433.

• OCR on page 3 of [cortez-4.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-4.pdf) likewise shows the petition was DENIED, with similar handwritten language about removing Julio Cortez from the household.

• The OCR on page 2 of both attachments also shows a property / money section referring to Housing Authority / housing-voucher property, which is consistent with the broader HACC dispute context.

What this does and does not prove

• High confidence: restraining-order paperwork against Ashley Ferron exists in the attachment set and was circulated inside the HACC-related JC Household email thread by January 26, 2026.

• High confidence: one attachment is a Jane Kay Cortez v. Ashley Ferron filing and another is a Benjamin Jay Barber v. Ashley Ferron filing.

• Moderate confidence: these were Clackamas County Circuit Court protective-proceeding filings under ORS 124, because the OCR is strong on the court and form language but the handwritten/typed case captions still have some OCR noise.

• High confidence: both currently reviewed Ashley Ferron filings were DENIED, not granted.

• Not yet fully pinned down: whether Ashley Ferron herself attached these files in that January 26 email, or whether they were preserved as embedded prior-thread attachments within the chain. The email definitely contains them as attachment parts, but the current record does not yet resolve the earlier provenance of each file.

4. Bottom line

Julio

• The record strongly supports that the Julio-related restraining order existed by November 17, 2025.

• The broader case narrative supports that it was sought after an October 2025 bifurcation request and continued after a December 9, 2025 hearing.

• HACC likely knew of the Julio-related order issue during that bifurcation / VAWA sequence, but the first exact documentary notice timestamp to HACC is not yet isolated.

• The November-December 2025 mail review adds a stronger early lease-side marker: by `December 10, 2025`, Benjamin was already challenging HACC's `December 4th Lease adjustment` and tying it to the Julio court situation.

• HACC later expressly stated that Benjamin Barber was removed from the household effective `January 1, 2026`, and on `January 12, 2026 at 1:25 PM` HACC confirmed that Benjamin was no longer listed as a member of the household and that the household composition had been determined to consist of Julio and Jane based on `internal review` and `court documentation currently on file`.

• On `January 26, 2026`, Ashley Ferron later wrote that the intake packet had been submitted to Quantum Residential staff at the Hillside Manor leasing office but had not been provided to HACC, which materially supports Benjamin's position that packet and supporting-document submission efforts had already occurred before HACC's later direct financial-document demands. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0036-Re-Allegations-of-Fraud---JC-Household-CAMTdTS-K-FyjnOdwGC9tmC4Si5AUxKwfYk-GhTRQL1RoB74x-w-mail.gmail.com/message.json).

• By `February 4, 2026`, HACC was issuing a `30 Day for Cause Lease Termination Notice with Option to Cure` addressed to `Jane Cortez and Benjamin Barber` at the unit address. See [08_Exhibit_H_HACC_first_amendment.pdf](/home/barberb/HACC/workspace/migrated_sources/research_results/evidence_review_20260328_175903/chronology/formal_complaint_recommended_filing_packet/included/08_Exhibit_H_HACC_first_amendment.pdf). This is the strongest current record support that Benjamin had been put back on the lease or otherwise restored to tenant status **by February 4, 2026**, even though the exact add-back date has not yet been isolated from a separate lease-amendment page.

• On `March 17, 2026 at 5:31 PM`, Benjamin directly warned HACC by email and asked whether HACC was still in communication with parties who had restraining orders against them in the courts. In context, that warning was made during the active lease, voucher, relocation, and housing-administration dispute and is best read as notice that continued communication with restrained parties was interfering with Benjamin Barber's tenant rights and the household's housing process. See [message.json](/home/barberb/HACC/evidence/email_imports/starworks5-confirmed-case-import/0007-Re-Additional-Information-Needed-CAMTdTS8PJBemAGgLrSov4AcGUQyokAi8hVr768y915Rrcrqbyw-mail.gmail.com/message.json).

• On `March 19, 2026 at 10:27 AM`, HACC wrote in the `HCV Orientation` thread that the two-bedroom issuance had been created and sent in error and that `The attached are for a one-bedroom voucher that will be issued today.` See [Exhibit_M_HCV_orientation_thread.eml](/home/barberb/HACC/workspace/exhibit-binder-court-ready/exhibits/Exhibit_M_HCV_orientation_thread.eml).

• That means the first clear preserved voucher-issuance date is `March 19, 2026`, which is **2 days after** the March 17 written warning to HACC about continued communication with restrained parties.

• Separately from court-order notice, HACC's own paperwork shows it was already acting on a household-composition change effective `January 1, 2026`, and by `January 27, 2026` it was expressly applying the one-bedroom consequence of that change.

• So the cleanest reading is that `court-order notice`, `lease-removal / household-composition action`, and `later restoration of Benjamin` are not the same date, and the current file set supports:

• removal effective `January 1, 2026`;

• HACC confirmation on `January 12, 2026`; and

• restoration of Benjamin to tenant / notice status by `February 4, 2026`;

• written Solomon-related tenant-rights warning on `March 17, 2026`; and

• first clear voucher issuance marker on `March 19, 2026`.

Solomon

• The record strongly supports that the Solomon restraining order was granted on `November 20, 2025`.

• The same-day text record gives an exact `1:52:21 PM Pacific` confirmation that the order had been granted.

• The first exact time HACC was told about the Solomon order has not yet been isolated in the currently reviewed HACC communications.

• A direct search of the preserved IMAP mail corpus did not find a named HACC message mentioning `Solomon`, so the present gap is best described as `not found in preserved mail`, not as proof that HACC was never told.

Ashley Ferron

• The preserved email attachments now establish that Ashley Ferron was the named respondent in at least two ORS 124 protective-proceeding filings tied to the same HACC dispute period.

• Those filings were in the HACC-related email chain by `January 26, 2026 at 9:53 AM Pacific`.

• One filing appears to have been brought by `Jane Kay Cortez`; the other appears to have been brought by `Benjamin Jay Barber`.

• Both currently reviewed Ashley Ferron filings appear to have been `DENIED`.

• So the cleanest timeline entry is:

• **By January 26, 2026**: Ashley Ferron protective-order petitions `26P000432` and `26P000433` were circulating inside the HACC-related `JC Household` chain.

• **Current best read**: both were denied filings, not granted restraining orders.

• The remaining factual gap is provenance: the current record shows the orders were attached to the January 26 email, but it does not yet fully establish who originally prepared or first circulated each scanned PDF within the thread.

5. Best next proof targets

• Search for any November-December 2025 emails to or from `KTilton@clackamas.us`, `AFerron@clackamas.us`, or `HACC-Relocation@clackamas.us` with attached court papers or references to restraining orders, VAWA, or bifurcation.

• Search for attachments or image files that may contain the Julio order with a readable judge-signature date.

• Search for any January 2026 HACC household-composition thread that expressly references the order rather than only reflecting its consequences.

• Determine the earlier provenance of [cortez-1.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-1.pdf) and [cortez-4.pdf](/home/barberb/HACC/evidence/email_imports/starworks5-fraud-reimport-20260404/0023-RE-Allegations-of-Fraud---JC-Household-afab2672a15446ff849ee9c8d26441ce-clackamas.us/attachments/cortez-4.pdf), including whether they were first sent by Benjamin, embedded from an earlier chain, or reattached by Ashley Ferron.
