YOUR VOTE MATTERS.

Democracy is vital. Every vote, every voice matters. The 2020 U.S. Presidential election is a historic moment for the United States, for the world, and for democracy itself. The 2020 election represents a choice between stark contrasts. The integrity of this election is every bit as important as the election itself.

Check your vote is a resource developed by an independant team of researchers. In the contested battleground state of Michigan, preliminary analysis has already **detected thousands of people who have cast a ballot despite being deceased**. Click the map to the right to start checking your vote!
