Presentation to the 2022 Joint Ways and Means Subcommittee on Human Services

# ODHS/OHA Joint Request

## Shared Services staffing investment

Don Erickson, Shared Services Administrator, ODHS

Kristine Kautz, Deputy Director, OHA

Eric Moore, Chief Financial Officer, ODHS

# Shared Services staffing request

ODHS and OHA are jointly requesting **56 new Shared Services staff positions** to support operational needs arising from 2021 legislative investments in our programs.

# What are Shared Services?

- ODHS and OHA **Shared Services** include mission critical support functions that serve both agencies.

- Service areas range from **budget and finance** to **contracts and procurement** to **facilities management.**

- By leveraging resources across both agencies, the shared services model **promotes greater efficiency and alignment of agency processes.**

# 2021 investments

During the 2021 regular session, the Oregon Legislature made several **key investments in OHA and ODHS**, including support for the following initiatives:

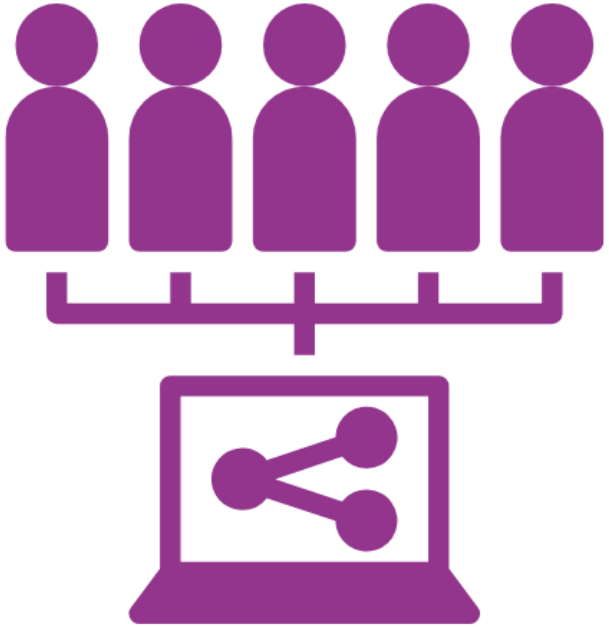
- OHA Behavioral Health Services
- OHA Public Health Modernization
- OHA Health Equity
- Oregon State Hospital
- ODHS Provider Rate Adjustments
- ODHS Emergency Management Unit*

*EMU is now the Office of Resilience and Emergency Management (OREM)

# Identifying the needed infrastructure

OHA and ODHS continue to work collaboratively to improve the efficiency and performance of all Shared Services.

Together, we have prepared a request for the staffing levels needed to support the successful implementation of legislative investments.



# 2022 operational needs

The agencies' joint request includes **56 staff positions across the following units:**

- Office of Financial Services
- Office of Information Services
- Internal Audit and Consulting
- Office of Health, Safety and Emergency Services
- Imaging and Records Management Services
- Publications and Creative Services
- Office of the ODHS Chief Administrative Officer

Oregon Health Authority

Oregon Department of Human Services

# Office of Financial Services

# OFS staffing needs

Current **Office of Financial Services (OFS) staffing needs** stem from:

- HB 2086 and HB 2910 (2021), which have had **workload impacts** but did not include staffing increases in their enrolled versions;
- **Financial reporting requirements** associated with the use of American Recovery Plan Act (ARPA) and State and Local Fiscal Recovery Funds (SLFRF); and
- The shifting of accounts payable functions **from third parties to in-house** in compliance with public funds law.

# OFS request

The staffing request for OFS would add **8 positions (6.00 FTE)** to

- Meet the staffing needs arising from 2021 state legislation,
- Provide federal financial reporting services to the agencies' numerous ARPA and SLFRF grantees awardees, and
- Meet new accounts payable demands arising from recent contract changes

Oregon Health Authority

Oregon Department of Human Services

# Office of Information Services

# OIS staffing needs

Current **Office of Information Service (OIS) staffing needs** stem from:

- Ongoing demand for **applications support** in the COVID-19 Response and Recovery Unit (CRRU) / Public Health Division
- Communication and collaboration needs associated with an increasingly **remote workforce**
- Increased demand for **IT projects**
- Organizational **leadership** needs

# OIS request

ODHS and OHA request **29 positions (21.23 FTE)** to serve the following OIS functions:

- Applications support for the COVID-19 Response and Recovery Unit (CRRU) / Public Health Division (11 positions)
- Remote work communication and collaboration support (6 positions)
- Project management and coordination for new IT requests (10 positions)
- Strategic organizational leadership for the CRRU (2 positions)

Oregon Health Authority

Oregon Department of Human Services

# Internal Audit and Consulting

# IAC staffing needs

Current **Internal Audit Center (IAC) staffing needs** stem from:

- Federal Funds accounting and monitoring needs
- An older action that budgeted the Chief Audit Executive's position below 1.0 FTE

# IAC request

Requests for IAC would:

- Add two **Internal Auditor 3 positions** (1.41 FTE)
- Adjust the **Chief Audit Executive position** from 0.97 to 1.0 FTE.

Oregon Health Authority

Oregon Department of Human Services

# Office of Health, Safety and Emergency Services

# OHSE’s critical functions

The Office of Health, Safety and Emergency Services (OHSE) provides a range of **services required by state statute, administrative rules, and DAS policy,** including:

- Violence Prevention and Threat Management Program
- Worker compensation case management
- Operations planning and activation
- Occupational health and safety management
- Employee health and wellness
- Employer at Injury Program

# OHSE staffing needs

OHSE has historically had to **rely on volunteers** from ODHS and OHA programs to supplement its existing staff, which has led to continuously **high turnover** and an ongoing need to focus limited capacity on volunteer training.

Requests for OHSE would add **5 positions (3.52 FTE)** to address this deficit.

Oregon Health Authority

Oregon Department of Human Services

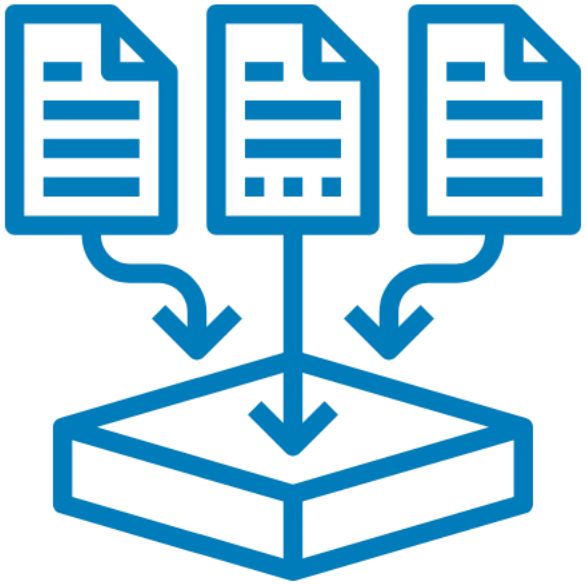
# Imaging and Records Management Services

# IRMS staffing request

**Executive Order 15-21** instructed state agencies to prioritize the recruitment and employment of people with intellectual and developmental disabilities.

Imaging and Records Management Services (IRMS) **hired nine people in response,** and this successful program continues today with six Office Assistant 2 positions.

We are requesting **position authority to clear the six non-budgeted positions** and ensure the long-term sustainability of this model program.



Oregon Health Authority

Oregon Department of Human Services

# Publications and Creative Services

# PCS staffing request

The 2021-23 Legislatively Adopted Budget granted to Publications and Creative Services (PCS) **11 language services positions** to meet the growing demand for translation of ODHS and OHA print and digital materials.

The LAB **did not include supervisory support** for these positions or additional staffing to address the **233 percent increase in non-language service project requests** over the preceding two years.

PCS is requesting **4 positions (2.52 FTE)** to help fill these gaps.

Oregon Health Authority

Oregon Department of Human Services

# Office of the ODHS Chief Administrative Officer

# OCAO’s expanding tasks

The Office of the Chief Administrative Officer (OCAO) supports **12 Shared Services** and **four Central Services** that include over **600 ODHS employees**.

The office has also led the agencywide Trauma Informed Organization and Suicide Prevention initiatives, training more than 8,000 ODHS staff in evidence-based suicide prevention skills.

While the various Shared and Central Services have grown in size and complexity, the CAO staff is still composed of just two administrators, one project manager, and one administrative support position.

# OCAO staffing request

OCAO is requesting **2 positions (2.00 FTE)** to

- Support the Shared Services units and Shared Services Administration (OPA 1)
- Act as lead project coordinator for Shared Services Administration (OPA 3)

# Shared Services budget request

The requested positions will strengthen our Shared Services infrastructure and ensure its offices can fulfill our collective aim of **increasing efficiency** and **aligning agency processes**.

**The joint $20.9 million request includes:**

- $5,174,692 General Fund,
- $10,304,838 Other Funds,

  $5,398,657 Federal Funds, and
- The establishment of 56 new positions at 41.18 FTE

# Subcommittee on Human Services

## COVID-19 Response and Recovery

**Rachael Banks, Public Health Director**

**February 16, 2022**

PUBLIC HEALTH DIVISION
Director's Office

# Public Health Division Goals

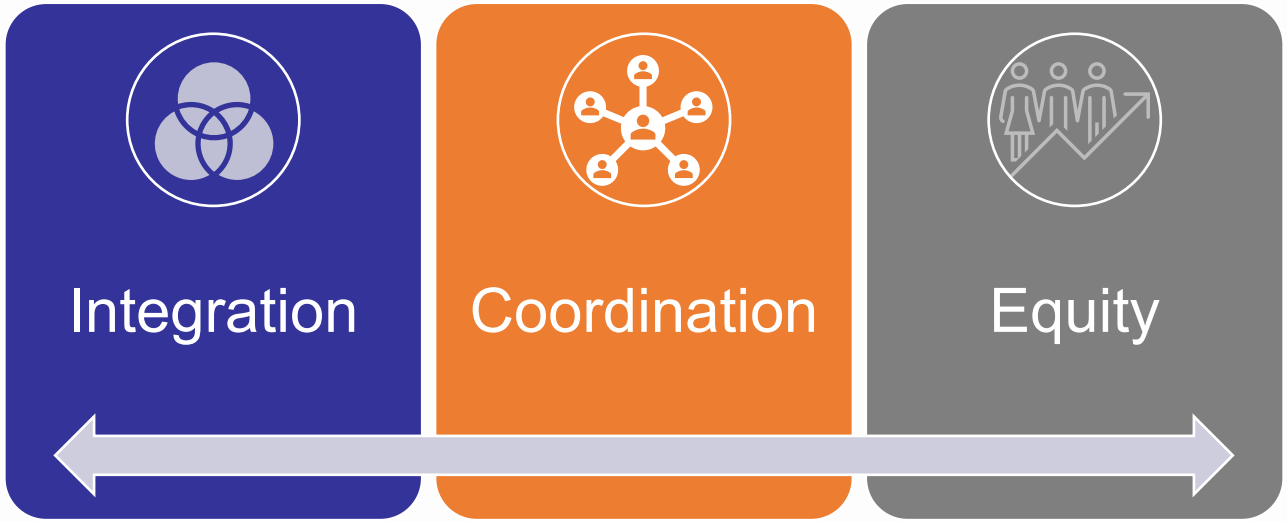
- Eliminate health inequities by 2030 through a **modern public health** practice and a focus on social and structural determinants of health as outlined in Oregon's state health improvement plan, **Healthier Together Oregon**.

- Apply **public health innovations** from the pandemic response toward community resilience and other public health issues that were amplified by the pandemic.

- **Ensure inequities** that were exacerbated by COVID-19 **are addressed** and do not undermine the equity focus within the response.

# COVID Response and Resiliency

- Built on the public health modernization and equity goals of the Oregon Health Authority (OHA) and the service equity framework of Oregon Department of Human Services (ODHS).
- Flexible, nimble, and coordinated across state agencies.
- Innovative, sustainable, and equity-centered emergency response model.



# Key Wins: Developed Equity Portfolio

## Equity Infrastructure

- Equity Office
- Field Operations
- Equity Impact Analysis Tools
- Rapid Community Assessments
- Vaccine Operations Team – Equity

## Community Investments

- Community Engagement Team Funding
- Protecting Oregon Farmworkers
- Neighborhood Based Outreach
- Safe + Strong Campaign
- Vaccine Equity Community Funding

## Community Outreach

- Listening Sessions in English and Spanish
- Convened Community-Specific Groups and Collaboratives
- Community Focus Groups
- COVID-19 Community Feedback Team

## Strategic Operations

- Project Management
- Equity Impact Evaluation & Mitigation
- Vaccine Equity Strategy
- Incident Response Equity Advisor Group

# Key Wins

Community-specific strategies and community-led approach helped reduce vaccine equity gaps and mitigate disease burden

- Roughly **3,000** testing, vaccine events, and mobile clinics
- Distributing **6 million** home test kits and **millions** of PPE
- Connected **46,000+ migrant and seasonal farm workers** to wrap-around services between June-December 2021 and **vaccinated 62,000+**
- The COVID-19 Feedback Team served **15,000+** individuals in **12 languages** since March 2022

Coordinated a multi-agency, regional approach to emergency response and incident management

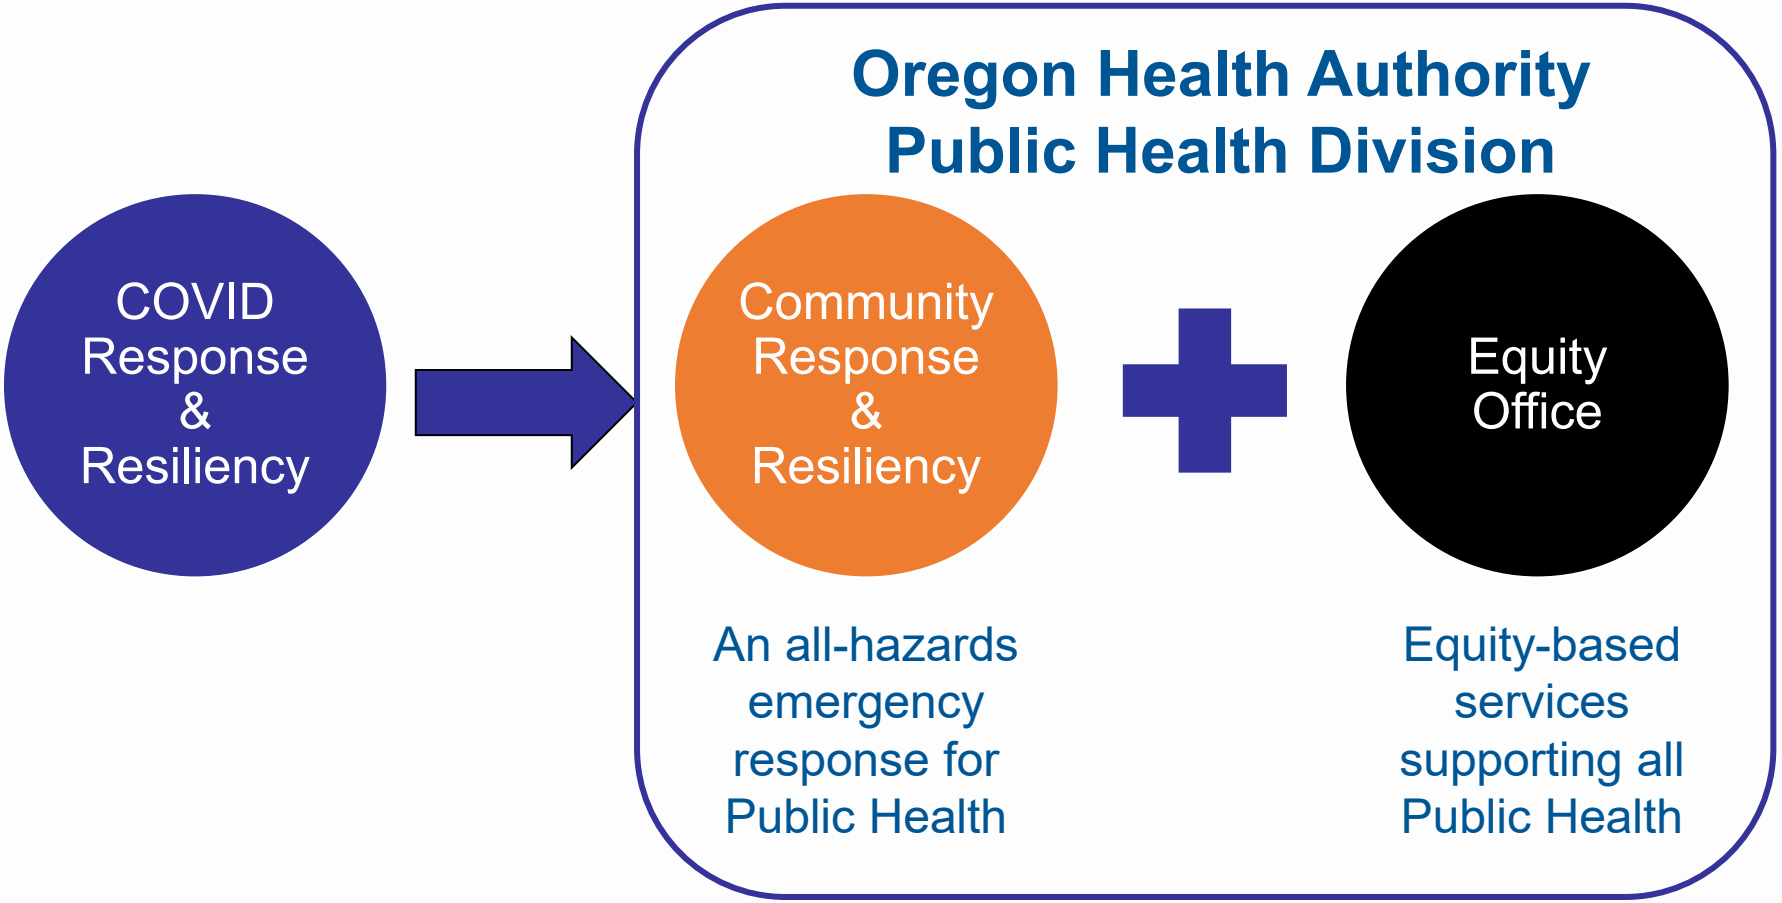
- Led **231** critical stabilization exercises between LPHAs and state agencies responding to outbreaks at **74** different facilities.
- Contracted with **3,500** clinicians to provide emergency staffing
- Established **6** COVID-19 recovery units and **12** short-term care discharge units
- Facilitated temporary housing for isolation and quarantine in **6** counties
- Coordinated **4** deployments with the Oregon Reserve National Guard

# Key Wins

Provided Oregonians factual, accessible, and up-to-date information.

- Developed 15 dashboards and 50+ data visualizations to support data-led decision making and resource allocation
- Implemented comprehensive, community-centered communication plans expanding OHA's reach and engagement across platforms:
  - **29.8 million** users visited OHA's COVID-19 home page
  - **3.4 million** users visited SafeStrongOregon.org in 13 languages
  - **1.85 million** users visited OregonVaccineInfo.org in English and Spanish
  - **200,000** subscribers receive daily Coronavirus Update newsletter
  - OHA Spanish Facebook audience grew from 2,334 viewers monthly to **50,000+** viewers in the past 30 days.
  - #MyVaccineReason / #MiVozMiVacuna campaign reached **3.9 million** people in Oregon
- Get Vaccinated Oregon has served **2.4 million** users in **12** languages.
- Translated 6,000+ materials in up to **13** languages

# Future Planning: Sustainability and Scalability



# Priorities: March-June 2022

**Objectives**: Continue the COVID-19 response with a focus on vaccination and boosters for new age groups (6 months – age 5), communities of color and tribal communities.

**Strategy**:

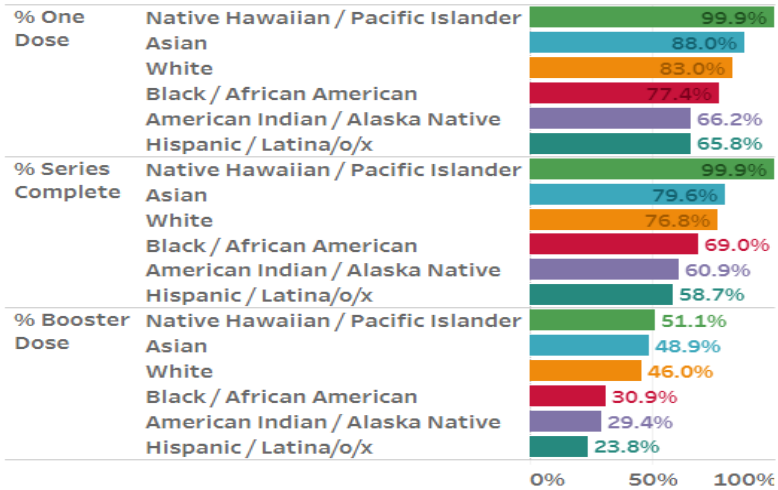
- Continue community-wide mitigation strategies as needed at the regional level.
- Continue and bridge beyond FEMA for health system and agricultural worker supports.
- Continue community-centered feedback and listening opportunities.
- Continue response to outbreaks in high consequence settings.
- Continue REALD data collection, analytics, and reporting.
- Continue supporting LPHA, Tribes and LTC workforce capacity.
- Transition CBO-LPHA to permanent program partnerships.
- Expand access for antiviral therapy and testing.

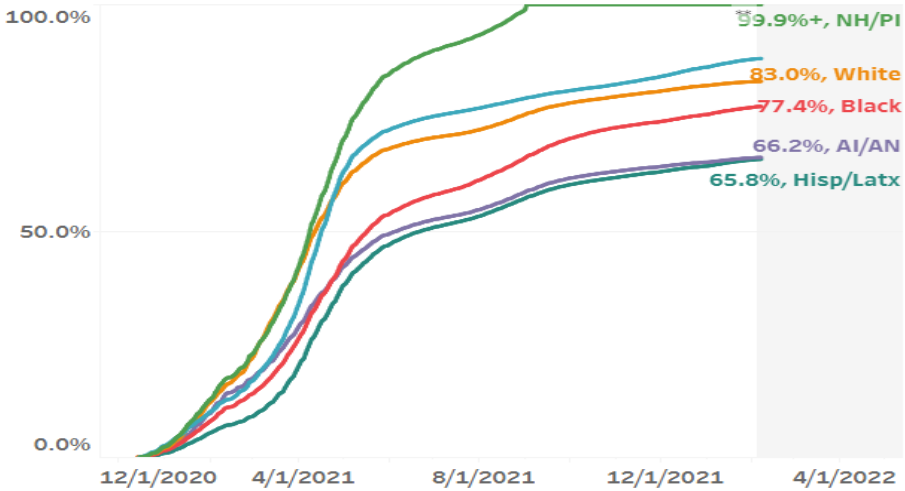
Oregon Health Authority

# Equity focus: Primary Doses and Boosters

**Select another group for interpretation**

Hispanic / Latina/o/x





| | # One Dose | People Remaining to Reach 80% One Dose | Average First Doses Per Day | One Dose Relative Percent Change | # Booster Dose | # People Who Need a Booster Now | Average Booster Doses Per Day | Booster Dose Relative Percent Change | Population |
|---|---|---|---|---|---|---|---|---|---|
| American Indian / Alaska Native | 68,357 | 14,312 | 20 per day | up 0.2% | 30,352 | 35,053 | 126 per day | up 3.0% | 103,336 |
| Asian | 159,762 | 0 | 68 per day | up 0.3% | 88,753 | 56,959 | 278 per day | up 2.3% | 181,566 |
| Black / African American | 71,446 | 2,370 | 39 per day | up 0.4% | 28,496 | 32,269 | 141 per day | up 3.6% | 92,270 |
| Hispanic / Latina/o/x | 257,637 | 55,744 | 117 per day | up 0.3% | 93,256 | 124,274 | 571 per day | up 4.5% | 391,726 |
| Native Hawaiian / Pacific Islander | 33,414 | 0 | 13 per day | up 0.3% | 15,377 | 15,055 | 70 per day | up 3.3% | 30,097 |
| White | 2,041,337 | 0 | 407 per day | up 0.1% | 1,131,843 | 706,158 | 2,772 per day | up 1.7% | 2,460,408 |
| Other Race | 33,173 | | 29 per day | up 0.6% | 8,342 | 13,049 | 32 per day | up 2.8% | |
| Unknown | 142,311 | | 103 per day | up 0.5% | 40,488 | 58,474 | 110 per day | up 1.9% | |

Note: 4.8% of people vaccinated have an unknown racial or ethnic identity, 1.2% identify as a 'Other Race.' Due to this missing data, vaccination rate estimates for race and ethnicity are likely underestimated and may be lower than statewide estimates where people who are grouped as unknown or 'Other Race' are included.

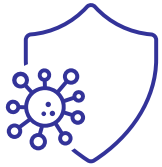
# Equity Priorities March – June 2022 (and beyond)

Convene community to identify strategies and needed supports

Advise, consult, and support efforts to eliminate health inequities

Deliver accessible and culturally responsive materials

Track data, monitor trends, and report on progress



Ensure equitable vaccine delivery

# Priorities July-December 2022

Equity focused; community served and convened

**Objectives**: Community-specific resilience planning and resourcing; development of longer-term safety net support; COVID-19 testing, vaccines and boosters.

**Strategy**:

- Build sustainable solutions for convening community organizations through main channels of communication.
- Track and evaluate secondary impacts of COVID-19.
- Facilitate community-led resilience planning and listening sessions.
- Shift to an all-hazards community-focused emergency response model.
- Support agricultural workers.

# Priorities: January-June 2023

Equity grounded; community led

**Objectives**: Bridge community-specific resilience plans and long-term safety net work into Healthier Together Oregon and public health modernization efforts.

**Strategies**:

- Implement community-led COVID-19 resilience plans.
- Develop culturally-specific public health responses to secondary impacts of COVID-19.
- Transition lessons learned from COVID-19 to all-hazards emergency preparedness.
- Implement cross-sector strategies in Healthier Together Oregon.

# COVID-19 Response Actuals: 2019-21

CRRU FTE: 218

| Budget Category | 19-21 Expenses |
|---|---|
| Personal Services | $12,352,117 |
| Services & Supplies | $65,984,123 |
| Capital Outlay | $488,178 |
| Indirect Charges | $3,283,667 |
| **Total** | **$82,108,085** |

# FEMA – Opportunities and Risks

FEMA funding supports key components of the response including several significant equity-focused initiatives:

- Vaccine delivery through $220M expedited project
  - Funded all community-driven vaccine, outreach, and education events as well as accessibility accommodations and barrier reduction efforts
- Wraparound supports
- Health care augmentation
  - Staffed community vaccination access points and events
  - Supported equitable testing and vaccine delivery systems
  - Staffed equity-focused deployment and allocation of emergency staffing resources
- Data system enhancements

# Ongoing response and resilience

| Category | Description |
|---|---|
| Personal Services | Equity and community engagement positions; partner coordination; communications; epidemiology; data collection and reporting; field operations; finance and operations |
| Services and Supplies | Office supplies, in-state travel for field events |
| Capital Outlay | Laboratory equipment; storage |
| Special Payments | Community-based organization, local public health and Tribal COVID-19 response contracts |
| Contracts | Testing and vaccination delivery; laboratory services; communications; intergovernmental agreements for shelter and food |

# Thank you!
