Hi Benjamin,

Congratulations once again on winning the Storacha Bounty for the Encode AI Filecoin Hackathon – we're excited to recognize your work and send over your prize!

To process your payment, we'll need a few things from you:

1. **Completed W-9 form** – attached to this email, along with instructions.
2. **Bank routing and account information** – so we can issue your prize via direct deposit.

If you're uncomfortable sending sensitive information over email, we completely understand and can arrange a more secure method for sharing your banking details. Just let us know, and we'll coordinate accordingly.

We'd also love to collaborate with you on a marketing campaign to showcase your winning project and the creativity behind it. Keep an eye out for more details on that soon—we're looking forward to helping share your work with the broader Storacha community.

Please reply with the completed form and requested details at your earliest convenience.

Thanks again for being part of the Storacha hackathon – we can't wait to see what you build next!

Hi again,

I believe you are US based, but just in case.
If you are a non-US citizen or entity, you will need to complete the W-8BEN-E form please.

And, make sure to reply all as @Storacha Admin will be coordinating the payment.

Thank you,
Jamie

Hi Benjamin,

I've noticed the entity name on the W9 is different than the entity receiving the payment. Maybe it is a trade name, but we need these to match. Could you either update the W9 or provide bank details that match the entity on the W9?

Kind regards,
Jen

Hi Benjamin,

For some reason, the ACH didn't go through. I'm investigating. Please confirm the bank account details in the interim.

Kind regards,

Hey Benjamin,

Following up here since we want to ensure you get your payment. I believe the issue is the account number you provided for Hallucinate LLC. Please review so we can get this payment out immediately.

Kind regards,
Jen

they said that this was the "oregon" routing number, and I think the routing number I gave you is for wire transfer apparently, not ACH.
